UNC INFORMATION TECHNOLOGY SERVICES

Why Should I Purchase a CCI Laptop?

You'll want to purchase one of the official CCI Laptops because the laptop packages available to you as a UNC-Chapel Hill student are the **best value anywhere**. Our comprehensive program of hardware, software, and support ensures an unparalleled student computing experience. Only with the purchase of a CCI Laptop will you be **eligible for all the programs and services below**:

- A **4-year Comprehensive Protection Plan** including:
  - 4 Years of Manufacturer's Warranty Coverage
  - 4 Years of Accidental Damage Coverage
  - 4 Years of Laptop Insurance Coverage
- **Computer Support 24 x 7**
- An **Award-winning On-campus Repair Center** with a pool of **loaner laptops**
- An **Extensive Software Package**
- **Security Solutions** for keeping your computer and data secured

4-Year Comprehensive Protection Plan

The CCI Laptop protection plan is one of the best plans available. It exceeds the coverage available under your homeowners policy or the manufacturer's warranty. For four years you don't have to worry about motherboards, batteries, drops or spills. If your computer is stolen, or damaged beyond repair, a low $100 deductible gets your computer replaced.

Computer Support 24 x 7

Can't figure out how to get your computer back up and running? We can. You may call (919) 962-HELP or toll-free from US and Puerto Rico: (866) 962-4457, 24 hours a day, 7 days a week for personal assistance with your computing problem.

Award-winning, On-campus Repair Center

The award-winning ITS Repair Center located in the basement of the Undergraduate Library is one of the largest repair centers in the Southeast and can service any CCI Computer. We have two "walk in" ITS Help Desk locations where you can sit with fellow students and staff members to address technology support needs. They are conveniently located on North Campus (Undergraduate Library) or South Campus (1st floor SASB South). Normal hours of operation are 7:30am to 10pm Monday – Thursday, 7:30am to 5pm Friday, and 1pm to 10pm Sunday. You can also use our Online Chat service to chat live with a technical support person at help.unc.edu.

Loaner Laptops

Nobody wants to fall behind in their work, but when computers need extensive repair, it may take a few days for the repairs to be completed. If this ever happens to you, we've got you covered. The CCI program has a pool of loaner laptops that are available to keep you on track so you'll never miss an important deadline.

Extensive Software Package

With the purchase of a CCI laptop, you will be receive a software load customized for use at Carolina and packed with premium software packages, including the best available edition of Microsoft Office. Visit our Preloaded Software page for more details.

Security Solutions

The CCI laptop package includes solutions for physical and virtual security. The software and settings on your computer have been reviewed by campus IT Security to help protect you from malicious software. This includes installing anti-virus software on each CCI laptop. Each package also comes with a laptop lock allowing you to secure your computer in your residence, the library or anywhere else.
