

Visiting Nate and Franc

I am going to visit Nate and Franc.
They work in an office at UNC Hospital.
They have some games for me to play.

While Franc talks to my family, I will play with Nate and choose a video.

After we play, I will sit in a white chair and watch cartoons while Nate brushes my hair and cleans my face.

Nate will put some stickers on my face and a cap on my head.

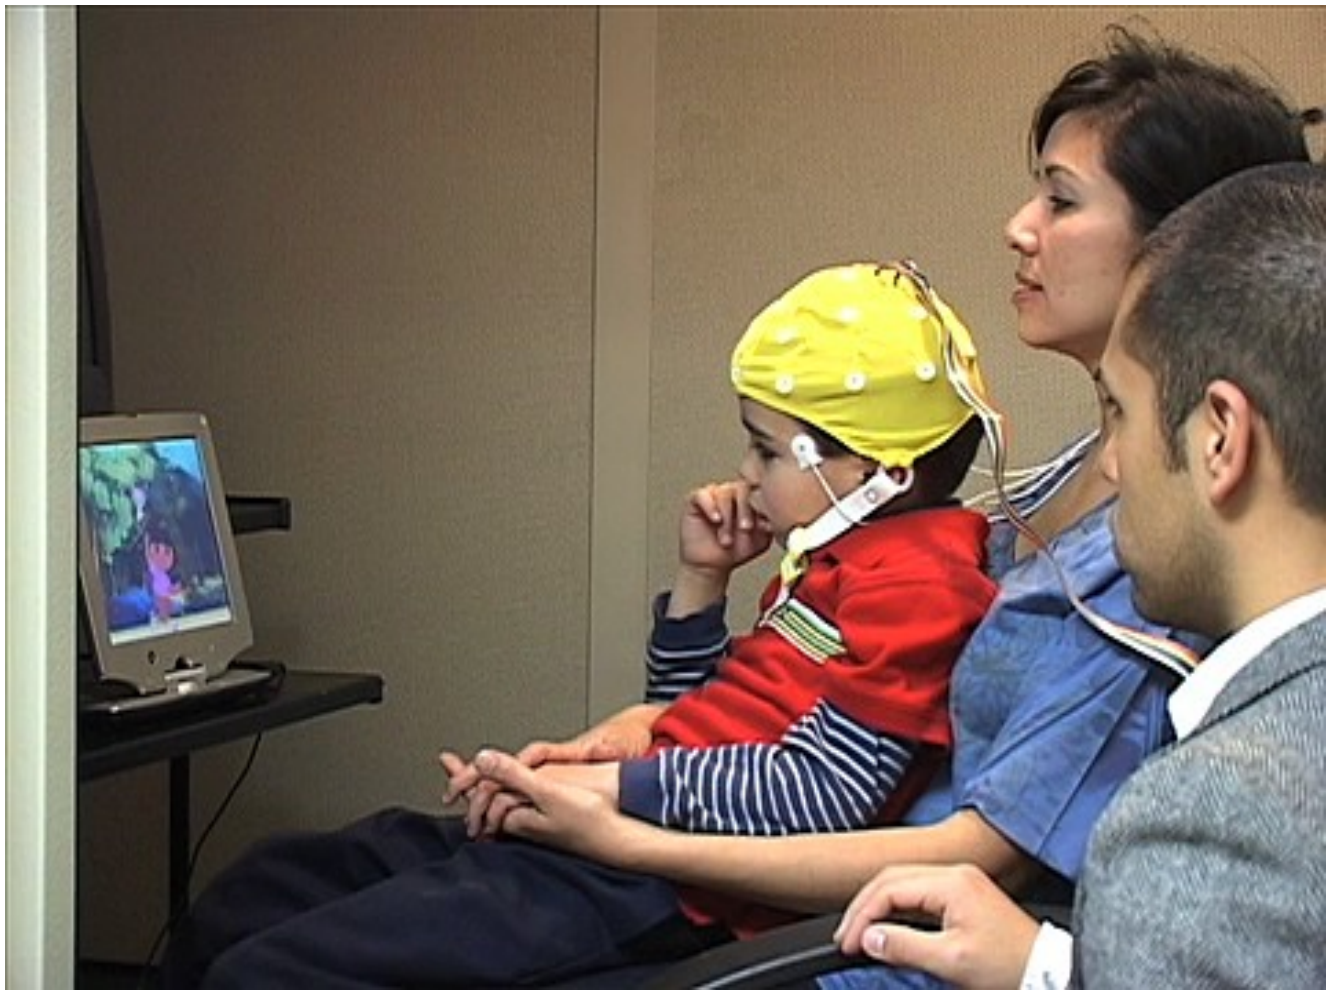

There are holes in the cap. Nate will put some cold gel into the holes. I may want to move, but I will sit still with quiet hands and feet.

I will go into a small, quiet room to watch cartoons.

I can sit by myself or choose one person to sit with me.
I will have quiet hands and feet while I watch cartoons.

When the cartoons are all done, I will play in the spaceship until it is time to go home.

I will do a good job and everyone will be happy.
