

**THE UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL**  
**FACULTY POSITION IN PHARMACOLOGY**

The Department of Pharmacology and Bowles Center for Alcohol Studies at the University of North Carolina at Chapel Hill invite applications for an open rank **(ASSISTANT, ASSOCIATE, OR FULL PROFESSOR)** tenure-track/tenured faculty position. We seek outstanding candidates with research interests in neuropharmacology or neurophysiology and alcohol studies. Particular focus may include: electrophysiology, biochemistry, behavioral neuroscience, cellular/molecular, developmental, systems neuroscience, and other approaches. Preference will be given to applicants whose expertise lies in alcohol studies. Qualifications include a doctoral degree and a strong record or promise of scholarly achievement and extramural funding. An excellent start-up package accompanies this position. The Department of Pharmacology and Center for Alcohol Studies provide an unusually rich opportunity for collegial interaction, research and graduate and post-graduate research training within the UNC School of Medicine. Visit the Alcohol Center ([www.med.unc.edu/alcohol](http://www.med.unc.edu/alcohol)) and Department ([http://www.med.unc.edu/dept\\_pharm.htm](http://www.med.unc.edu/dept_pharm.htm)) websites for more information about faculty and research programs.

Applications are encouraged from professionals of all ethnic backgrounds. Candidates should submit a curriculum vitae, a statement of current and future research plans, selected recent publications and three letters of reference to:
