* This list comprises an agreement between local physicians and our department regarding admission evaluation or consultation at UNC Hospital. The UNC Family Medicine Center physicians (both Attendings and Residents) are not included on this list. ***In order to be admitted to the Family Medicine Inpatient service, patient must have seen his PCP within the last 5 years. We DO NOT admit patients to the ICU, patients on chronic dialysis, or patients on active chemotherapy for cancer.***

Please call 919-216-0638 to admit patients to the UNC Family Medicine Inpatient Service. In order to track admissions, ALL requests must go through the admitting resident even if the service has “capped” and patients are being admitted to the hospitalist service. We cap at 10 admissions/24 hours but will take bounce backs and pediatric patients over the cap. In addition, for the practices highlighted (PHS Carrboro, PHS Siler City, and PHS Moncure) we do NOT admit their pediatric patients. Pediatric patients over the age of 30 days old from those 3 practices should be admitted to the pediatric service.

Our Maternal Child Health Service admits infants younger than 30 days. For admissions to the MCH service please page 919-216-3048. Other pediatric patients will be admitted to the FMIS.
