

Curriculum Vitae

Personal Information

Miranda A.L. van Tilburg, Ph.D.

University of North Carolina at Chapel Hill
Department of Medicine
Division of Gastroenterology and Hepatology
130 Mason Farm rd #4106
Chapel Hill NC 27599-7080
Phone: 919 843 0688
tilburg@med.unc.edu

Career history

Associate Professor of Medicine, 2013-current

University Of North Carolina, School of Medicine, Division of Gastroenterology and Hepatology, Chapel Hill NC.

Contributing Faculty, 2011-current

Walden University, College of Social and Behavioral Sciences, Health Psychology Program

Assistant Professor of Medicine, 2004-2013

University Of North Carolina, School of Medicine, Division of Gastroenterology and Hepatology, Chapel Hill NC.

Research associate 2002-2004

University Of North Carolina, School of Medicine, Division of Gastroenterology and Hepatology, Chapel Hill NC.

Post-Doctoral Fellow in Endocrinology and Medical Psychology, 1998-2001

Duke University Medical Center, Department of Psychiatry and Behavioral Sciences, Durham, North Carolina.

Scientific associate, 1997

RIGO research & advies, Amsterdam, The Netherlands

Lecturer and Research associate 1994 – 1998

Department of Health Psychology, Tilburg University, The Netherlands

Research assistant, 1992-1994

Department of Environmental and Health Psychology, Tilburg University, The Netherlands

Professional Service

Rome Foundation

Member childhood functional gastrointestinal disorders committee 2012- current.
Member questionnaire committee 2012-current.

Community Care of North Carolina

Committee to establish GI referral and treatment guidelines in North Carolina 2012-2013

North American Society for Pediatric Gastroenterology, Hepatology and Nutrition

Neurogastroenterology & Motility Committee 2011-2014

University of North Carolina

Member Faculty Council University of North Carolina 2008-2011.
Member NC TraCS Institute telemedicine interest group. 2009-current

Co-Chair Research Coordinator Committee Gastrointestinal Biopsychosocial Research Program, 2005-2008

Member Resource Allocation Committee Gastrointestinal Biopsychosocial Research Program. 2005-2008

Tilburg University, The Netherlands

Member of the University Council of Tilburg University, 1995-1996

Member PhD council, 1994-1996

Founding Member PhD trainees Committee of the Research School for Psychology and Health, 1994 –1996

Membership Professional Organizations

American Psychosomatic Society (2000-current).

American Gastroenterological Association (2003-current)

Functional Brain Gut Research group (2003-current)

North American Society for Pediatric Gastroenterology, Hepatology and Nutrition (2009-current)

Society for chaos theory in psychology & life sciences (2013-current)

Honors

TEDMED Frontline scholarship and delegate 2012

Marquis Who is Who in Medicine and Health Care 2011 2012 2013

Marquis Who is Who in America 2013

International Foundation for Functional GI Disorders Junior Investigator Pediatrics award 2007

Education

1998 PhD in Health Psychology at Tilburg University, and Research School Psychology and Health, The Netherlands.

1994 Masters in Economic Psychology at Tilburg University, The Netherlands.

Grants

Takeda Pharmaceuticals America Inc

Investigator initiated project (van Tilburg)

06/1/14-05/31/15

Serum biomarkers of visceral hypersensitivity in IBS

Role: Principal investigator

3P01NS045685 (Maixner)

3/1/12-3/31/15

NINDS

Complex Persistent Pain Conditions: Unique and shared pathways of vulnerability

Role: Co-investigator, and principal investigator of supplement to study mitochondrial DNA

R01 HD036069 (Levy)

09/01/11-06/30/16

NICHHD

Parent training to address pediatric functional abdominal pain

Role: Co-investigator and principal investigator of second study site.

RO1 DK31369 (Whitehead) 2/1/08-11/30/13
NIDDKD
Psychophysiology of Irritable Bowel Syndrome
Role: Co-investigator American College of Gastroenterology
Clinical Research Award 07/01/10-06/30/11
Dietary restraint and motility in adolescents who suffer from IBS
Role: Principal investigator

R01 DK084294 (Ringel) 04/1/10-3/31/12
NIDDK
Fecal Microflora in Irritable Bowel Syndrome (IBS): Characterization and Significance
Role: Co-investigator

Rome Foundation Research grant (van Tilburg) 08/1/09-07/31/11
Validation of the Child/Adolescent Rome III criteria
Role: Principal investigator

Takeda Pharmaceuticals America Inc
Investigator initiated project (van Tilburg) 06/1/09-06/30/11
Parental Knowledge of and Treatment Preferences for Fecal Incontinence in Children
Role: Principal investigator

G08-102-1 (van Tilburg)
International Foundation for Functional GI Disorders 11/1/08-12/31/10
Maternally Inherited mtDNA Sequence Variants and IBS
Role: Principal investigator

Seed Grant awarded through R24 DK067674 (Wong) 3/1/09-2/28/11
Genetic markers associated with the development of post-infectious IBS
Role: Co-investigator

Seed Grant awarded through R24 DK067674 (Madanick) 3/1/10-2/28/11
Hypnosis for the treatment of non-cardiac chest pain
Role: Co-investigator

Seed Grant awarded through R24 DK067674 (van Tilburg) 9/1/08-8/31/09
Suicidal Ideation and Attempt in Adolescents with Chronic Abdominal Pain
Role: Principal investigator

3R24DK067674 (Whitehead/Drossman) 11/1/06-10/31/08
Supplement to Promote Reentry into Biomedical and Behavioral Research Careers
Role: Principal Investigator of Supplement

Seed Grant awarded through R24 DK067674 (Youssef) 8/1/07-7/31/08
Feasibility and Efficacy of a School Nurse Guided Imagery Program for Childhood Recurrent Abdominal Pain: A Pilot Study
Role: Co-Investigator

Seed Grant awarded through R24 DK067674 (van Tilburg) 8/1/05-7/31/06
Development of a Standardized Hypnotherapy for Chronic Abdominal Pain in Children
Role: Principal Investigator

Pfizer and Kaiser Permanente (Surwit) 10/1/98-7/1/01
Depression and glycemic control in type 1 and type 2 diabetes
Role: Co-investigator
