

Curriculum Vitae

John Doe

100 Street Name
Carrboro, NC 27510
Tel. (919) xxx-xxxx
E-mail: Jxxx_Dxx@med.unc.edu

Education

University of North Carolina School of Medicine
Chapel Hill, NC
M.D. anticipated, May 2008

University of North Carolina at Chapel Hill
Chapel Hill, NC
B.S. with Distinction in Chemistry with Highest Honors, May 2003

Durham Technical Community College
Durham, NC
Emergency Medical Technician – Basic
May 2002

Honors and Awards

University of North Carolina School of Medicine

Board of Governors Medical Scholarship, 2005 - present
Full tuition and stipend awarded to twenty students of North Carolina medical schools who are academically qualified, financially worthy, and hold a promising future as a successful physician in North Carolina

Heusner Pupil Award, 2007
Selected by classmates for great capacity to grasp the principles of science, to heal the sick, to comfort the troubled and to be humble before God

Holderness Medical Fellowship, June 2005
One of twelve awarded by the School of Medicine based on submission of a competitive proposal

John B. Graham Research Society, 2006 - present
Inducted following presentation at Student Research Day

University of North Carolina at Chapel Hill

Phi Beta Kappa, 2002

University Honors Program, 1999-2002

UNC Class of 1938 Summer Study Abroad Fellowship – Summer 2002
Financed my travel to Peru where I assisted physicians from the United States and Peru in health care facilities (i.e., emergency & family medicine, pediatrics, surgery, rural mountainside house calls); observed health care professions give disease prevention presentations to high school students; and administered fluoride treatment to grade school students

Activities

University of North Carolina School of Medicine

People's Clinic of Bloomer Hill, Laboratory Coordinator, 2004-2006
Coordinated laboratory services at this monthly free clinic staffed by students and clinicians from UNC

Student Health Action Coalition Community Clinic, 2004 - present
Evaluated patients and served as Spanish translator at free student-run clinic for Chapel Hill-Carrboro community

University of North Carolina at Chapel Hill

Resident Assistant, 200-2002
Coordinated social and educational programs, enforced policies, and counseled students of freshman/sophomore residence hall

Big Buddies Program, 2000-2003
Companion and mentor to adolescent boy in local school system. I still maintain contact with him.

Baptist Student Union
President (2002-2003), Statewide Action on Issues Chair (2001-2002), Campus Relations Chair (2000-2001)

Baptist Student Union Missions Trip to Matanzas, Cuba, June 2001
Visited with members of First Baptist Church of Matanzas, participated in worship services, learned about economic hardships and political turmoil of the country

University Baptist Church Missions Trip to Nicaragua, June 2000
Assisted in construction of a school and participated in church services in impoverished inner-city neighborhoods

Presentations

John Doe. Title of Presentation. University of North Carolina School of Medicine Student Research Day, January 2006. Oral presentation.

John Doe. Title of Presentation. Society of Surgical Oncology Annual Cancer Symposium, New Orleans, LA, March 2006. Oral Presentation.

John Doe. Title of Presentation. American Association for Cancer Research Annual Meeting, San Francisco, CA, April 2006. Poster Presentation.

Research Experience

University of North Carolina School of Medicine

Brief title of research

Preceptor: Name and Department

Month/Year – Month/Year

Funding: Holderness Medical Fellowship

Description: Brief description of research project and your role

Association of FUT genotype with polyp and colorectal cancer development.

Preceptor: Name and Department

May 2005-October 2005

Funding: Holderness Medical Fellowship

Description: The North Carolina Colon Cancer Study, a large population-based case control study of colon cancer, provided several hundred samples of colorectal polyps and carcinomas for analysis. The specific objective of this project involved determining expression of the FUT3/FUT6 fucosyltransferases in the cases and controls and also identifying specific mutations in these genes. We also attempted to determine potential interactions of different genotypes with patient NSAID use, diet, and race. This ultimately will provide some information relating the type of mutation, if any, in the FUT genes to the progression of colorectal carcinoma.

University of North Carolina at Chapel Hill

Title of Project

Preceptor: Name and Department

Month/Year – Month/Year

Description: Briefly describe project and your role

Cytoreductive surgery with intraperitoneal hyperthermic chemotherapy for advanced gastric cancer

Preceptor: Name and Department

September 2002 – April 2003

Description: Performed a retrospective chart review of patients with gastric cancer to compare survival in patients receiving cytoreductive

surgery with intraperitoneal hyperthermic chemotherapy to those receiving the surgical and chemotherapeutic standard of care.

Employment

September 2001 – April 2003 Student Research Assistant, Department of Chemistry
Brief description of research and of your duties

June 2003 – July 2004 Summit Wilderness Camp – Asheville, NC
Worked as a wilderness trip leader for at-risk teenagers, served as camp on-site medical staff

Language Ability

Fluent in Spanish.
Conversational ability in American Sign Language.
