POLICY AND PROCEDURE

UNIVERSITY OF NORTH CAROLINA HOSPITALS
GRADUATE MEDICAL EDUCATION
POLICY ON RESIDENT ELIGIBILITY AND SELECTION
FOR RECRUITMENT AND APPOINTMENT

I. Accredited residency programs (Programs) should select residents from a pool of applicants who meet the eligibility requirements established by the ACGME or the Commission on Dental Accreditation (CODA). University of North Carolina Hospitals is a participating member of organized matching programs such as the National Resident Matching Program, Dental National Matching Service, and other advanced residency matching programs. In selecting from among qualified applicants, it is strongly suggested that Programs participate in an organized matching program, where such is available. The Designated Institutional Official (DIO) shall serve as the institutional representative for the National Resident Matching Program.

II. Applicants must meet the following minimum requirements in order to be considered for a residency position:

a. Graduates of medical or dental schools in the United States and Canada accredited by the Liaison Committee on Medical Education (LCME) or CODA,

b. Graduates of colleges of osteopathic medicine in the United States accredited by the American Osteopathic Association (AOA),

c. Graduates of medical schools outside the United States and Canada who have either:
   (i) a currently valid certificate from the Educational Commission for Foreign Medical Graduates or
   (ii) a full and unrestricted license to practice medicine in a U.S. licensing jurisdiction in which they are training.

d. Graduates of medical schools outside the United States who have completed a Fifth Pathway program provided by an LCME-accredited medical school.

e. Graduates of dental schools outside the United States who meet the requirements to obtain a North Carolina Intern Permit from the North Carolina State Board of Dental Examiners.
Visas that permit Graduate Medical Education training must be valid as outlined in the current Graduate Medical Education Directory. The University of North Carolina Hospitals sponsors J-1 visas as part of this process.

Eligible applicants will be considered on the basis of residency program-related criteria such as their preparedness, ability, aptitude, academic credentials, communication skills, and personal qualities such as motivation and integrity. UNC Hospitals will not discriminate with regard to sex, race, age, religion, color national origin, disability, veteran status, or any other applicable legally protected status. Each program must have a written policy for resident selection and recruitment.

Each Program should consider the following in their selection process.

a. Each Program must have a selection committee that will review the applications of all candidates, whether applying for appointment as a 1st year Post Graduate member of the housestaff (either through an organized matching program, as set forth above, or outside of a match process), or to fill a subsequent Program vacancy for advanced-level housestaff positions. Selection committee members should include, the Chair, Program Director, Assistant Program Director(s) and/or residents at various levels of training.

b. For Programs participating in an organized matching program, the DIO, or his/her designee(s) from the Office of Graduate Medical Education (OGME), shall review the application of any candidate who is applying as a new housestaff resident outside of the match process, or any candidate who is applying to fill a subsequent vacancy in a Program, regardless of whether the Program participates in an approved match process.

c. Programs participating in the Electronic Application Service (ERAS) may accept application materials as provided through ERAS;

d. Interviews should be extended to the best-qualified candidates. Qualities of professionalism and character should be considered. The DIO may, in his/her sole discretion interview, and/or appoint his/her designee(s) from the OGME to interview, any candidate who is applying to a Program outside of an organized matching process, or any candidate who is applying to fill a subsequent vacancy in a Program, regardless of whether the Program participates in an approved match process;

e. The selection process should be broad-based to include participation by faculty, residents and tour of facilities; and

f. Residency Programs must not enroll non-eligible physicians, as the enrollment of non-eligible residents may be cause for withdrawal of accreditation of the involved Program.

Each program must include the following for applicants invited for interviews:
a. Candidates for interviews must receive oral and written information related to clinical rotations, didactic program, procedures for evaluating residents and programs, requirements for duty hours and call schedule, policies regarding vacation, sickness, family leave act, disability and medical/dental coverage, financial support, hospitalization, resident disability insurance, and health insurance for residents and their families. Call rooms, meals, and laundry services or their equivalents need to be included in the information package.

b. After resident has been selected and matched, the resident folder must retain all letters of recommendation and references.

VI. All selected applicants will be required to submit the following:

a. UNC Hospitals Application for Appointment to Graduate Medical Education,

b. Three letters of reference

   (i) One letter of reference should be mailed from the Dean at the School of Medicine/Dentistry from which the applicant graduated certifying the degree awarded and the date awarded or anticipated date.

   (ii) One letter of reference must be mailed from the Chairman in the chosen specialty at the Medical/Dental School from which the applicant graduated.

   (iii) A third letter of reference.

c. In the case of applicants applying for positions beyond the first year, the three letters of recommendation should include one from the hospital in which the applicant has most recently served and two from members of its professional staff.

d. An official Medical/Dental School transcript, from the Registrar of the School of Medicine/Dentistry. A photocopy is not acceptable.

e. Signed Authorization for Release of Information (included with the application).

f. Pre-employment drug screening.

g. Signed background check verification.

h. Current curriculum vitae that includes date or anticipated date of medical/dental school graduation and name of UNC Hospitals residency program the applicant will enter.
i. Any resident who has a disability (according to the Americans with Disabilities Act) and/or special restrictions on his/her medical license must report this information and requests for accommodations to the Program Director and the OGME no later than the first day his/her residency program begins.

VII. Resident Transfer

To determine the appropriate level of education for a resident who is transferring from another residency program, the program director must receive written verification of the previous educational experience and a statement regarding the performance evaluation, including an estimate of competence, of the transferring resident prior to acceptance into the program.
