Same Day Clinic

Director: Paul Chelminski, M.D.

1. The Same Day Clinic (SDC) is located adjacent to the Internal Medicine continuity clinic on the 3rd floor of the Ambulatory Care Center (ACC). One easy way to get there is by riding the shuttle bus, which stops in front of the Hospital every 10 minutes. SDC phone number is 966-6989.

2. The SDC will be staffed at all times with at least one internal medicine residents and one general medicine attending. Patients will be scheduled from 8:30 AM until 4:30 PM. The SDC is not open on weekends or Holidays. There will be a teaching conference every Wednesday at noon that covers a topic relevant to General Internal Medicine.

3. The SDC functions as an urgent care center for patients who are followed regularly in our UNC internal medicine practice. It also serves as a way to provide quick follow up for patients recently seen in the UNC internal medicine clinic. Walk-ins who are not part of the UNC internal medicine panel are not seen in the SDC.

4. You may have continuity clinic, morning report, EBM, or weekend float shifts while rotating through the SDC. If you work overnight on Sunday, you are not expected to work the next day in the SDC.
