

### **1. LABOR AND DELIVERY (1 BIN)**

Location: On the 4<sup>th</sup> floor of the Women's Hospital. This bin is located in the soiled utility room in front of the secretary's desk. Go to the 4<sup>th</sup> floor of the women's hospital, then pick up the phone and ask the secretary to let you into the labor and delivery room area.

### **3. MAIN HOSPITAL OPERATING ROOMS and OPERATING ROOM ANNEX (THIS AREA HAS 2 BINS)**

Location: On the 2nd floor in the main hospital. In between patient waiting areas suite B and suite A there is a door labeled "Surgical Services," (Surgical Services is right in front of Vascular Interventional Radiology). Go through the Surgical Services door, the bins are on the left of the hallway.

### **4. WOMEN'S AND CHILDREAN'S HOSPITAL SURGICAL AREAS ( 1 BIN)**

Location: To get to this bin go to the SECOND FLOOR OF THE MAIN HOSPITAL, AS IF YOU ARE GOING TO THE MAIN HOSPITAL BINS. Walk down the hallway past the patient waiting areas Suite A and B. Make the first right into the surgical area (it is not labeled but it is the door across from the Post Anesthesia recovery room area), go through the dark brown double doors and go towards the light brown door labeled "exit stairs." The bin is located behind this door.

### **5. ENT CLINICS**

Location: Ground floor of neuroscience building next to the lobby. The bin is usually located in the "soiled utility room."

### **6. ACC OPERATING ROOM AREAS**

Location: On the "Day Op" area on the first floor of the ACC. The bin is located in the sterile processing room across from operating room number 4.

### **7. ORTHOPEDIC CLINICS ACC**

Location: On the 3rd floor of the ACC. The bin is located in the back cast room right next to the sink.

### **8. BURN UNIT**

Location: Fifth floor, main hospital. Occasionally serviced by volunteers.

### **9. PEDIATRICS INTENSIVE CARE UNIT**

Location: 2<sup>nd</sup> floor of the Women's hospital. Go the 2<sup>nd</sup> floor of the main hospital and cross over into the women's hospital. Follow the signs to the "Pediatrics intensive care unit". Our bin is in the soiled utility room next to the bathroom.

### **10. DENTAL SCHOOL**

Location: This area is only occasionally serviced by volunteers.

### **12. CENTRAL STERILE PROCESSING**

Location: Ground floor of main hospital, down the main hallway past the central distribution entrance on the right.

### **13. CENTRAL DISTRIBUTION**

Location: Ground floor of main hospital across from coffee shop and blue elevators.

### **14. ASSISTED REPRODUCTIVE TECHNOLOGY CLINIC**

Location: main hospital, Ground floor. This clinic is near the blue elevators and the information desk people can be used as a guide. Bin is in the soiled utility room

ALL BINS MUST BE RETURNED TO THEIR ORIGINAL LOCATION.
