Zeiss Supra 25 Field Emission Scanning Electron Microscope

Manufacturer:

Carl Zeiss SMT Inc.
One Zeiss Drive, Thornwood, NY 10594
www.smt.zeiss.com

Description:

Zeiss Supra 25 is a field emission scanning electron microscope
Resolution: 2 nanometers
Accelerating voltage: 1 kV to 30 kV
Fully computer controlled with digital image capture
Motorized goniometer stage will hold up to 8 samples
In-lens secondary electron detector
Standard T-H secondary electron detector

Updated October 2007
