J. Please include any additional information or feedback you would like to include for future students:

Check out the CFHI and KIHEFO websites. This program is organized by CFHI while you are stateside, but it is largely run by KIHEFO in Uganda.

Feel free to contact me if you would like to talk with me or some of the other alumni of the program.

Your days will be a mix between shadowing in the general, HIV, and maternal clinics, visiting various healthcare sites in Uganda, performing community outreaches for HIV and nutrition, and generally learning more about how KIHEFO is organizing to solve the problems of its community.

K. What could the OIA have done differently or better to support you in your international elective? :
   - Insisting that I print off a copy of the preceptor evaluation - that became a hassle to complete stateside (maybe even watching me as I printed it out).
   - Not much else - enjoyed the modules, the pre-summer session on ethics and preparation, and the interactions I had with Martha & Shay!

THANK YOU!!! THIS INFORMATION WILL HELP FUTURE STUDENTS !!!!
