III. GLOBAL HEALTH EXPERIENCE CHARACTERISTICS
A. List three educational outcomes you achieved with this elective
1. To gain clinical experience and improve patient care skills.
2. To learn about medical needs and health issues unique to an international underserved population.
3. To learn more about global health and how an international healthcare system in a developing nation compares to the US.

B. Was the experience a good use of time for you during medical school?  ____X____YES  ____NO
C. Did you have adequate clinical supervision?  ____X____YES  ____NO
D. Did you have adequate opportunities for hands-on clinical work?  ____X____YES  ____NO
E. Would you recommend this elective to other medical students?  ____X____YES  ____NO

   If YES, Why? The HHE program is fantastically well-organized and supervised. It was a well-structured experience that allowed each team member to gain hands-on experience in general medicine, pediatrics, OB/GYN, pharmacy, and dental fields, while having a phenomenal travel experience in the lesser known parts of India’s Himalayan mountains. Learning sessions outside of clinic highlighted diseases and problems that we as Americans are less likely to encounter domestically.
