TST (PPD) is due by April 1, 2016.

Has to be placed after March 1, 2016.

It is imperative, for your safety as well as the safety of the patients you will be seeing, that this requirement be completed before you start your clerkships. If you have a history of positive TB skin test, you still have to be evaluated by Campus Health each year.

Appointment line: 919-966-2281 press 2 at the prompt.

Campus Health does not automatically let me know when you have met this requirement. It is your responsibility to give me the documentation.

If you have any questions, please contact me.

Thank you,
Bernice Mayo
T- (919) 962-6112
F- (919) 966-9930
