

Triangle Consortium For Reproductive Biology

Dear Friend of the Triangle Consortium for Reproductive Biology (TCRB),

You are invited to be a sponsor of the **26th Annual TCRB Meeting** to be held at the National Institute of Environmental Sciences (NIEHS) in Research Triangle Park on **Saturday, February 25, 2017, 8:00 am – 4:00 pm.**

The TCRB meeting brings together regional scientists who conduct basic, translational, and clinical research in reproduction, and male and female reproductive tract development and disease. We expect attendance from approximately 100 scientists, fellows, and students from area universities and institutions such as UNC, NIEHS, NCSU, Duke, EPA, NCCU, East Carolina University, Wake Forest University, UNC Greensboro, Appalachian State University, and RTI International.

The conference highlights the depth of reproductive science being conducted in the Triangle and surrounding areas. Scientists will present their work and awards will be given to the best trainee presentations. This year our confirmed keynote speaker is Dr. Allan Spradling, who is an investigator in the Department of Embryology at The Carnegie Institution for Science in Baltimore, MD.

The 2017 program agenda is published at <http://www.med.unc.edu/tcrb>. In addition to the presentations, there will be many opportunities to chat and network during the continental breakfast, breaks, poster sessions, and lunch. This presents an opportunity for your company to meet attendees, to learn about their interests and needs, and to inform them about your products and services.

Supporting sponsorships are available at 3 levels: Bronze (\$300), Silver (\$500), or Gold (\$1000⁺). Sponsors will be acknowledged during the welcome address, in the program booklet, and on the website. Silver and Gold sponsors may also place a full page color ad in the program booklet. Your sponsorship will include lunch, space to exhibit products and literature, and your company will be listed as a participant in the printed program booklet.

The Research Triangle area of NC has a large concentration of nationally- and internationally-recognized reproductive scientists and many young trainees and fellows committed to a career in reproduction studying reproductive health. Sponsorship of this meeting is a wonderful way to support science and research in the area and to highlight your company's products and services.

A link to the registration web site is at: www.tcrb.org (or www.med.unc.edu/tcrb/). A high-resolution version of your company logo (at least 300 dpi) and any requests for additional information should be emailed to one of the addresses below.

Sincerely yours,

Carmen J. Williams, M.D., Ph.D.
Chair, TCRB Steering Committee (williamsc5@niehs.nih.gov)

Chris Geyer, Ph.D.
Vice-Chair, TCRB Steering Committee (geyerc@ecu.edu)
