Nilsa Morales	Peter Petrusz	Sandra Void	James Saltzman	John Wagner
Joe Schuch	Howard Reisner			

1) One 45- E. Juliano

- a. There has not been any information as whether or not a decision has been made if we can pursue One45 inn light of the fact that PeopleSoft is coming soon.
- b. The committee will watch and wait.

2) Videoconferencing- J. Achey

- a. Tony Lindsey was concerned because there was trouble connecting to Charlotte Medical Center.
- b. Videoconferencing works now by using recent call list that are stored.

3) Laptops- H. Reisner

- a. It was decided that students should arrive 15 minutes prior to the exam.
- b. Dr. Reisner stated that it would be nice to known that the take-home testing system does not have a clock.

4) Lecture Recording- E. Juliano

- a. There have been more requests for podcasting and lecture recording than ever before.
- b. These processes are very labor intensive.
- c. There are wide ranges of companies that can provide services.
- d. James Saltzman stated we need to consider our needs.
 - i. Student Needs
 - ii. Faculty Needs
- e. ByKnow is a laptop specific application
- f. A suggestion was to use a Sharepoint from Microsoft.
- g. Molecules to Cells have been podcasting and videotaped lectures.
- h. Structure and Development has asked for podcasting support.
