**300 Meadowmont Village Circle, Suite 202, Chapel Hill, NC 27517** Bus Route: N/FCX ([Schedule/Map](#))

This interdisciplinary clinic (neurology, geriatrics, geropsychiatry, neuropsychology) focuses on optimizing cognition to prevent further decline in older adults with cognitive impairment. The clinicians in the clinic all have expertise in managing cognitive impairment and addressing factors that affect cognition like polypharmacy, sleep, and mood. They provide evaluation and treatment of cognitive disorders as well as implement interventions within the clinical setting to focus on modifiable factors contributing to cognitive impairment.

### **Continuing Care Retirement Communities (CCRC's)**

The CCRC's our Geriatrics Specialists work with are local not-for-profits. Providers from the UNC Division of Geriatric Medicine provide medical direction to the community, staff an on-site clinic where independent living residents can choose to obtain their primary care, and attend patients in the assisted living and nursing home environments
