Instructions for applicants to create application videos

In lieu of written essays, UNC Chapel Hill Physical Therapy requires applicants to complete a video-recorded response to 4 questions. The video process is performed through YouSeeU Bongo and will cost $15. Applicants will record and upload responses to a series of 4 interview questions for review by program faculty and the Admissions Committee. Please note that this step replaces only the written application essay questions and does not substitute for the in-person interview, which will occur later in the process.

Applicants must have access to a computer with webcam and internet service to video-record responses. Please follow this link to the UNC Chapel Hill Application Registration page https://unc-chapel-hill.youseeu.com/login.

Please use this website link to access the YouSeeU Bongo platform to complete your distance videotaped responses: https://unc-chapel-hill.youseeu.com/login

1. Click "create new account" and register your email and personal information. This will send a link to your inbox that you will need to click to confirm your registration.

2. Once registered, login to the system and enter the following Course Code into the Enrollment box: y4pty7
3. Now that you are enrolled in the course you can click on the admissions activity where you will first need to pay the $15 application fee. Use the PayPal option and pay as a guest to use your credit card.
4. Once the payment process is complete, you will be directed to your set of questions.
5. Please **read through all of the instructions** (see Tutorial below) and feel free to use the **practice button** to warm up before you compete the interview. When you have finished answering all of the questions, your responses will be submitted automatically for review.

6. It is recommended that you prepare for this process as you would for an in-person interview.

If you have any questions, please click support option located in the menu or email help@youseeu.com and the support team will get back to you as quickly as possible.

**Tutorials**

**It is strongly recommended that you review these tutorials before you start.**

**How to Complete Q&A**

- After hearing/reading the question, you will have up to 30 seconds before your response will start to be recorded. You can start recording any time within this 30-second period by clicking on “record.”
- You will have up to 2 minutes to respond to each question, but you can stop recording sooner if you have finished answering the question by pressing “stop.” Pauses and restarts will not be permitted. You will have only one opportunity to answer each question, similar to if you were participating in a face-to-face interview.
- You will be asked to respond to 4 questions. You must respond to all 4 questions for your application to be complete. You will be able to log out and log back in to complete the videos over multiple sessions, if you are unable to complete them in one sitting. Previous recordings will be saved and cannot be overwritten/re-recorded by logging out and logging back in at a later time.
- It is your responsibility to ensure that you have adequate power supply and a reliable Internet connection for your video interviews. For technical issues or outages that interrupt recording, please email help@youseeu.com.

**System Requirements and Troubleshooting**
