Assessment and Management of Addictions: Overview and Update for Healthcare Providers

with the Center for Lifelong Learning at
the University of North Carolina at Chapel Hill

Do you have patients struggling with substance abuse? Are you a health care professional in need of the knowledge to better understand substance use disorders you find in your setting? This is the conference for you!

Join us for a day focused on substance abuse and addictions with overviews and updates to keep you in-the-know. Learn about different disorders effecting your patients, how to screen for these disorders, and when to refer your patients for treatment. You will receive hands-on training in using and implementing SBIRT (Screening, Brief Intervention and Referral To Treatment) and motivational interviewing.

You will leave with a better understanding of:

- Substance use disorders you may see in your clinical setting
- Treatments available for substance use disorders
- Using SBIRT for assessment and motivational interviewing
