

A Video from the U.S. Department of Health and Human Services

# THE “ALL OF US” RESEARCH PROGRAM:

An Overview and Focus on Genetics Research & Consenting

Joni Rutter, PhD, Director of Scientific Programs for the All of Us Research Program

This video features Dr. Rutter, delivering the keynote address at an Office for Human Research Protections sponsored Research Community Forum in Augusta, GA. She discusses the All of Us program (an NIH initiative that seeks to advance precision medicine) and the genetic components of the program’s research initiative with a special focus on how the program is approaching development of the informed consent materials for genetic research.

Lunch will be served. ELSI discussion to follow.

**WHEN:** March 9  
12:00 — 1:00 p.m.

**WHERE:** Bondurant 2035

**RSVP:** March 6  
to [kriste.kuczynski@unc.edu](mailto:kriste.kuczynski@unc.edu)

Sponsored by the Center for Genomics and Society and the UNC Program for Precision Medicine in Healthcare.
