UNC Health is committed to patient-centered, safe care throughout our hospitals and clinics. To limit the spread of COVID-19 and ensure patient and co-worker safety, patients should not bring a companion to their visit. One visitor/companion will be allowed for outpatient visits only as required for the safety of the patient. Visitors will be screened upon arrival for health and appropriateness.

**Clinic to Determine if In-person Care is Appropriate. Virtual Care Should be Offered, if Appropriate.**

**Employee**
