Invited Presenters

Beth Walker Wooten, M.Ed., C.E.D., LSLS Cert. AVT, Coordinator, Hearing First Professional Learning Community. Beth has been teaching and learning from children with hearing loss and their parents for over 35 years, working in schools, clinics, homes, and through tele-intervention. She is currently a practicing LSL specialist, mentor, and educational consultant in private practice, with a zeal for coaching and mentoring aspiring LSL professionals. She lives with her husband and four teenage boys in a testosterone cloud in Alabama.

Brandi Griffin, AuD, has been an audiologist with the University of Michigan Cochlear Implant Program since 2001. She provides diagnostic and rehabilitative services to patients of all ages and is involved in clinical trials related to cochlear implants. Brandi has worked with the University of Michigan Sound Support Outreach Grant since it started in 2004, traveling throughout the state to provide outreach for professionals & educational teams on hearing loss, cochlear implantation, & accommodations to support children with hearing loss in the academic setting. She received her Doctorate of Audiology from A.T. Still University – Arizona School for Health Sciences in 2010 and Masters degree in 1994 from the University of North Texas and has presented nationally on topics related to hearing loss, cochlear implants, and rehabilitation. Her most significant achievement includes her 3 crazy children, wonderful husband, and dog that eats socks.

Speaker	Relevant Financial Relationships	Relevant Nonfinancial Relationships

Kevin Brown, MD	Paid employee of UNC-CH; will not receive additional compensation for instruction in this course.	Provides surgical services at UNC Hospitals

CONFERENCE OBJECTIVES

The primary objective of this conference is to provide information to professionals and parents about promoting resilience for children who are deaf or hard of hearing and their families.

LEARNING OUTCOMES

Attendees will be able to:

- Examine a framework for planning auditory intervention with children who are deaf or hard of hearing as it applies to the population of children served in 2019, those who have benefitted from UNHS and fit with appropriate hearing technology shortly thereafter.
- Identify strategies that promote auditory learning in typical interactions during LSL intervention sessions and in the home.
- Identify 2 new trends in CI pediatric candidacy
- Identify guidelines for referring for pediatric CI candidacy evaluation.
- Identify 2 ways outreach to the schools can impact patient care.

APPROVED PROVIDER

AMERICAN SPEECH-LANGUAGE-HEARING ASSOCIATION

The Children's Cochlear Implant Center at UNC is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. **See course information for number of ASHA CEUs, instructional level and content area.** ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

Accreditation: This course is offered for 0.55 ASHA CEU (Intermediate Level, Professional Area). A Certificate of Completion will be provided for NC Dept. of Public Instruction License renewal credit.

AG Bell Academy LSLS CEU credit also available.

Complaint Policy available upon request.
