

# Asking the Right Questions: Inspiration & Skills for the Future of Family Medicine

Friday, June 7, 2024 | 8:30 a.m. – 4:00 p.m. (Check-in 8:00 a.m.)

The William and Ida Friday Center. 100 Friday Center Drive  
Chapel Hill, North Carolina 27599-1020

This conference aims to bring together seasoned educators, clinicians, and thought leaders to share insights, best practices, and innovative approaches to medical preceptorship. A collaborative space where medical preceptors can engage in meaningful discussions, share their experiences, and gain valuable insights to elevate the quality of primary care education further. It celebrates the vital role preceptors play in shaping the future of healthcare by inspiring and preparing the next generation of primary care practitioners. Many speakers are alumni of the UNC Faculty Development Fellowship.

Featuring a special salute to Peter Curtis, a founding faculty member of the Department of Family Medicine at UNC.

## Fee:

\$90 Regular registration. Easy registration online @ [piedmontahec.org](http://piedmontahec.org).

## Credit:

- 6.0 Contact hours
- 6.0 AMA PRA Category 1 Credit™
- 6.0 AAFP Credit. Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

## Learning Objectives:

- Articulate emerging issues related to primary care practice and medical education.
- Understand how to translate daily work experience into inquiry, advancement, and advocacy for improvement within healthcare and medical education.
- Foster collaboration among clinicians, researchers, and educators.
- Identify novel ideas and technologies that can be incorporated into practice and teaching.
- Describe at least three reasons why family medicine is having “its moment” on the national policy stage right now.
- Envision how to transform the “friction” encountered daily in clinic into research that shapes primary care delivery and payment policy.
- Formulate ways to partner with others to develop, execute, and disseminate research that improves patient, population, and community health outcomes.
