

Flow Cytometry Data Analysis Training with FCS Express™ 7

Thursday, September 21
2:00 PM - 4:00 PM
5004 Marsico Hall
125 Mason Farm Rd, Chapel Hill, NC

The De Novo Software approach to data analysis:
 Easy to use • Efficient workflows • Advanced analysis tools

The UNC-Chapel Hill Site License

Access FCS Express from any computer so you
 can analyze when and where you need to.

Space is limited
Registration is
required

<https://forms.office.com/r/vyavQCaKuw>

2:00 PM - 3:00 PM:

Getting started in FCS Express

- Loading data, Plots and Gates
- Statistics tables
- Spreadsheets
- Exporting

3:00 PM - 4:00 PM:

Beyond the Basics (Advanced Analysis Techniques)

- Panels tool
- Compensation
- High Dimensional Data Reduction (TSNE)
- If time allows:
 - Image Cytometry, Plate-Based Data, Multicycle

Data Analysis with FCS Express

- Mac and PC compatible
- Export directly to PowerPoint, Excel, and PDF
- Optimized for Speed and Large Data
- tSNE, UMAP, SPADE & KMeans Cluster Analysis
- Easy Compensation
- Import FACS Diva Files
- Cell Cycle and Proliferation
- Publication quality figures
- Batch processing
- Robust Custom statistics
- Bar, Pie, and Regression Plots
- Dedicated Support and Resources
- and more.....
