

UNC Division of Radiologic Science
Radiography Certificate Program
Clinical Observation Experience Information

The clinical observation experience may be completed at UNC Health or Duke Health. The observation can be done in late Fall or early Spring prior to entering the program.

For observations at UNC Health- contact Wesley Kaczmarek

Email: wesley.kaczmarek@unchealth.unc.edu or phone: (984) 974-8800

For observations at Duke Health click [here](#) or copy and paste into your browser to get started with the process.

Duke site visit request website-

<https://app.smartsheet.com/b/form/0a71168175994a6e8f8bf09468d33af5>

Bring the clinical observation form with you and have it signed. You will upload the completed, signed clinical observation form on the program application site.

***Print the following page (Clinical Observation Form)**

*** To applicant-** print this form and bring with you to the clinical observation at either UNC or Duke. Get it signed at the end of your observation experience and take it with you. You will upload this to the application site once it opens in January.

UNC Division of Radiologic Science Certificate in Radiography Program
