

SCHOOL OF  
MEDICINE

We need **every teammate** to ensure the safety of our data, our networks and our information systems.

Be cautious and suspicious of emails. If you don't know, don't click!

Never provide your login or password unless you are 100% certain.

Never approve a Duo/MFA push notification if you didn't attempt a login.

Call the IT Service Desk (919-962-4357) if you see any suspicious activity.

*It is **critical** that we pay close attention to these details.*
