

Sign In to Aqueduct

1. Go to Aquifer.org and click **Sign In** in the top right corner. This will take you to Aqueduct, our learning management system.

2. Enter your institutional email address in the Email box. Then click on the **Register** button at the bottom of the page. If you receive a prompt on the screen stating “Please ensure you are using your institutional email. If registration issue persists, please contact your clerkship coordinator.” you may be using the wrong email address, or your email may not have been rostered in the system by the administrators at your program. Try to register again using your official institutional email. If you are not successful you will need to contact Julie Golding (julie_golding@med.unc.edu) and ask to have your email added to the system.

Note: If you have previously registered, you will receive a notification that you have already signed in and you will be re-directed to the sign-in screen.
