

Deep Brain Stimulation and Focused Ultrasound Symposium of the Carolinas

We would like to invite you to the 2nd Annual Deep Brain Stimulation and Focused Ultrasound Symposium of the Carolinas, where experts will come together to foster collaboration and advance clinical care, research, and regional partnerships. This event will highlight the latest innovations and multidisciplinary approaches shaping the future of neuromodulation and brain therapy.

Saturday, March 21, 2026
8:30 AM - 4:00 PM EST
The Carolina Club
150 Stadium Dr.
Chapel Hill, NC 27514

Keynote Speakers:
Dr. Günther Deuschl
Dr. Kullervo Hynynen
