MLC WALL PANEL (BERRYHILL)

**GETTING STARTED**

If the projector is off, press **ON** to start the system.

Press **PC** if you want to display the classroom PC or an HDMI connected device.

Press **LAPTOP** if you want to display a VGA connected device.

Press **DISPLAY 1** for Dynamic Mode (low contrast image) or press **DISPLAY 2** for DICOM Mode (high contrast image).

The **VOLUME CONTROL** knob is under the power control. Be sure to increase the volume on the computer as well as in the program you are using.

Exact button position may vary by room.

**MICROPHONE SYSTEM**

The **HANDHELD MICROPHONE** has an **ON/OFF SWITCH** on the front. It takes a few seconds to turn on.

**VOLUME CONTROL** is located under the battery cover on the **HANDHELD MICROPHONE**.

Keep microphones on the **CHARGING STATION** when they are not in use.

The **PENDANT MICROPHONE** has an **ON/OFF SWITCH** on its right side. The **VOLUME CONTROL** is on the left side of the mic. This microphone is meant to be worn around the presenter’s neck.

The **RECEIVER** is mounted on the ceiling near the center of the room. Microphones work best when they are near and visible to the receiver.

**SHUTTING DOWN**

PLEASE shut down the system by pressing the Off button on the Wall Panel.

**FREQUENTLY ASKED QUESTIONS**

Where is the microphone?

The microphones should be located at the front of the room near the podium and screen.

Do I turn off the projector when I’m done?

Yes. Please press the **OFF** button on the wall panel to shut down the projector.

Can you please help me?

Contact our classroom support help desk using the intercom on the wall near the panel.
