

# COVID-19 Testing Guide for UNC Faculty and Staff

**Do you have symptoms of COVID-19?**

**Do you work and/or attend class on campus?**

*UNC-CH is able to manage the testing of symptomatic on-campus individuals for faculty and staff. Campus Health is able to manage symptomatic and asymptomatic (e.g. close contacts) students and postdoctoral trainees.*

**Have you been in contact with someone who has tested positive for COVID-19, or have symptoms of COVID-19?**

**If you have been in a situation that may have been high risk, have no symptoms and are concerned about exposure to COVID-19, please contact a health care provider for further discussion.**

**Step 1:** Contact the [University Employee Occupational Health Clinic](#) (919-966-9119), 8:30 am – 4:30 pm, M-F. If you meet criteria, you will be scheduled for testing typically within 4-6 hours at the ACC Respiratory Disease Center on UNC-CH main campus.

**Step 2:** Self-quarantine and update your supervisor. You must be cleared by Occupational Health before returning to work.

*This should be covered by your insurance and there are no out of pocket costs for symptomatic COVID-19 testing due to the CARES Act.*

*There are no walk-in appointments at the ACC RDC.*

**Step 1:** Contact the [University Employee Occupational Health Clinic](#) (919-966-9119), 8:30 am – 4:30 pm, M-F.

**Step 2:** Contact a testing center outside of UNC to get tested. Orange County has [a list of COVID-19 testing centers](#). NC DHHS also has a “Find My Testing Place” website [linked here](#).

*This should be covered by your insurance and there are no out of pocket costs for symptomatic COVID-19 testing due to the CARES Act.*

*There are no walk-in appointments at the ACC RDC.*
