

# UNC Dry Eye Management Scale

## Instruction:

Your dry eye symptoms may include: *pain, burning, tearing, grittiness, "feeling like something is in your eye", and/or sensitivity to light.*

We want to know how bad your dry eye symptoms are and how they affect your daily life and the things you want to do like reading, driving, working with a computer, watching TV, or doing things you enjoy.

Please circle the number (1-10) that **best describes** your dry eye symptoms and how **they affect** your daily life over the past week.

**Is there anything else you would like your doctor to know about your eyes?**
