

UNC SCHOOL OF MEDICINE  
DEPARTMENT OF PHARMACOLOGY  
Presents

# Sam Young, PhD

Professor & Vice Chair of Research  
Department of Anatomy & Cell Biology  
Director of Molecular Auditory Research  
University of Iowa

Talk Title:

“Elucidating the molecular mechanisms of presynaptic  $Ca_v2$  Calcium channel regulation of neurotransmitter release”

30 January  
2024

4 PM

1131 Bioinformatics  
& Zoom by Request

Seminar Host | Henrik G. Dohlman, PhD, Distinguished Professor & Chair
