

## New Facility

Our new Hillsborough Rehabilitation Center has been custom built for our patients' needs. Each patient has their own private room and bathroom. The new facility has a beautiful gym, therapy equipment, and various therapy resources.

## Recover Faster

**In rehab at Hillsborough, you will receive:**

- 3 hours of personalized multidisciplinary therapy scheduled throughout the day, 5 days a week, to improve your function and independence. This may include physical, occupational, speech, and recreational therapy.
- Acute inpatient rehab stays are on average 14 days long. Family/Caregivers are trained to help with your expected home discharge.
- Care managers to help plan for your home and outpatient needs.
- 24/7 access to rehabilitation physicians, nurses, and specialists to care for your medical needs.
- Ongoing close coordination of care with your UNC physicians.
- Safety and security of receiving treatment inside a state-of-the-art hospital.
