

# PRECISION HEALTH @UNC

## PHARMACOGENOMICS AND DECISION SUPPORT IN THE EHR

### VIRTUAL MINI-SYMPOSIUM AND FORUM

JOIN THE INTERACTIVE DISCUSSION WITH LEADING PRECISION HEALTH RESEARCHERS

#### **The ongoing quest for perfection - or at least precision - of tacrolimus dosing in bone marrow transplant**

*Daniel Crona, PharmD, PhD*

Associate Professor, Division of Pharmacotherapy and  
Experimental Therapeutics, Eshelman School of Pharmacy

#### **Interindividual variability in drug metabolism: Implications for precision medicine in ethnically diverse populations**

*Klarissa Jackson, PhD*

Assistant Professor, Division of Pharmacotherapy and  
Experimental Therapeutics, Eshelman School of Pharmacy

#### **The impact of recent gene discovery on treatment selection in epilepsy**

*Erin Heinzen, PharmD, PhD*

Associate Professor, Division of Pharmacotherapy and  
Experimental Therapeutics, Eshelman School of Pharmacy

## WEDNESDAY OCTOBER 27, 1:00-3:00 PM
