

Gift Commitment

UNC Center for Excellence in Community Mental Health

The UNC Center for Excellence in Community Mental Health is a national leader in the treatment of schizophrenia and other psychotic disorders. Our multi-disciplinary clinicians provide quality treatment services for patients and families across all stages of illness. Additionally,

our research teams are constantly expanding our understanding of causes of schizophrenia and working to develop better treatment options. Your gift will help us move more quickly to meet the needs of individuals and families dealing with severe mental illness. Thank you!
