Eighth Annual NC Community Psychiatrists' Leadership Network Symposium

formerly the NC Medical Directors' Network Symposium

Preparing for Change in North Carolina's Mental Health System

As North Carolina's public mental health system reorganization begins its eighth year, Medical Directors/Psychiatrists and other physicians have assumed leadership roles in these provider agencies and must continue to manage a clinical team and ensure that care delivery in that agency is evidence-based, appropriate for the clinical needs of each patient, and cost-effective. With Managed

Care Organizations (MCOs) moving to a private model and North Carolina's public mental health system changing to value-based, reimbursement will be related to successful patient outcomes. This program is designed to assist medical directors and other psychiatrists in their leadership role in NC's changing public mental health system.

Saturday, May 19, 2018
7:45 a.m. – 2:45 p.m.

**The UNC William and Ida Friday
Continuing Education Center
Chapel Hill, NC 27514**

A collaboration of the UNC Center for Excellence in Community Mental Health, NC AHEC, the NC Psychiatric Association, and the NC Division of Mental Health, Developmental Disabilities, and Substance Abuse Services
