			PSYCHOSIS ITEMS
Delusions: Unusual, odd, strange, or bizarre thought content. Rate the degree of disorganization of speech. Delusions are patently absurd, clearly false or bizarre ideas that are expressed with full conviction. Consider the individual to have	Remission	0	0 - Absent 1 - Ideas of reference (people may stare or may laugh at him), ideas of persecution (people may mistreat him). Unusual beliefs in psychic powers, spirits, UFOs, or unrealistic beliefs in one's own abilities. Not strongly held. Some doubt.
full conviction if he/she has acted as though the delusional belief was true. Ideas of reference/persecution can be differentiated from delusions in that ideas	Ren	0	2 - Same as 1, but degree of reality distortion is more severe as indicated by highly unusual ideas or greater conviction. Content may be typical of delusions (even bizarre), but without full conviction. The delusion does not seem to have fully formed, but is considered as one possible explanation for an unusual experience.
are expressed with much doubt and contain more elements of reality. Include thought insertion, withdrawal and broadcast. Include grandiose, somatic and	E E	0	 3 -Delusion present but no preoccupation or functional impairment. May be an encapsulated delusion or a firmly endorsed absurd belief about past delusional circumstances. 4 - Full delusion(s) present with some preoccupation OR some areas of
persecutory delusions even if rated elsewhere. Note: if Somatic Concern,	Active Symptom	0	functioning disrupted by delusional thinking.
Guilt, Suspiciousness or Grandiosity are rated 6 or 7 due to delusions, then Unusual Thought Content must be rated 4	Active	0	5 - Full delusion(s) present with much preoccupation OR many areas of functioning are disrupted by delusional thinking.6 - Full delusion(s) present with almost total preoccupation OR most areas
or above.		0	of functioning disrupted by delusional thinking.
Suspiciousness: Expressed or apparent		0	0 - Absent
belief that other persons have acted maliciously or with discriminatory intent.	sion	0	1 - Seems on guard. Reluctant to respond to some 'personal' questions. Reports being overly self-conscious in public.
Include persecution by supernatural or other non-human agencies (e.g., the devil). Note: ratings or 3 or above should also be rated under Unusual Thought	Remission	0	2 - Describes incidents in which others have harmed or wanted to harm him/her that sound plausible. Individual feels as if others are watching, laughing or criticizing him/her in public, but this occurs only occasionally or rarely. Little or no preoccupation.
Content.	п	0	3 - Says other persons are talking about him/her maliciously, have negative intentions or may harm him/her. Beyond the likelihood of plausibility, but not delusional. Incidents of suspected persecution occur occasionally (less than once per week) with some preoccupation.
	Active Symptom	0	4 - Same as 3, but incidents occur frequently, such as more than once per week. Individual is moderately preoccupied with ideas of persecution OR individual reports persecutory delusions expressed with much doubt (e.g., partial delusion).
	Activ	0	5 - Delusional - speaks of Mafia plots, the FBI or others poisoning his/her food, persecution by supernatural forces.
		0	6 - Same as 5, but the beliefs are bizarre or more preoccupying. Individual tends to disclose or act on persecutory delusions.
Grandiosity: Exaggerated self-opinion,		0	Unable to assess 0 - Absent
self-enhancing conviction of special abilities or powers or identity as someone	Remission	0 0	1 - Feels great and denies obvious problems, but not unrealistic.
rich or famous. Rate only individual's statement about himself, not his/her	Remi	0	2 - Exaggerated self-opinion beyond abilities and training.
demeanor. Note: if the individual rates 6 or 7 due to grandiose delusions, you must Unusual Thought Content at least 4 or above.	tom	0	 3 - Inappropriate boastfulness, e.g., claims to be brilliant, insightful or gifted beyond realistic proportions, but rarely self-discloses or acts on these inflated self-concepts. Does not claim that grandiose accomplishments have actually occurred. 4 - Same as 3 but often self-discloses and acts on these grandiose ideas.
	Active Symptom	0 0	May have doubts about the reality of the grandiose ideas. Not delusional. 5 - Delusional - claims to have special powers like ESP, to have millions of dollars, invented new machines, w orked at jobs when it is known that he/she was never employed in these capacities, be Jesus Christ, or the Prime Minister. Individual may not be very preoccupied.
		0	6 - Delusional – same as 5 but individual seems very preoccupied and tends to disclose or act on grandiose delusions.
