

University of North Carolina School of Medicine Clinical Psychology Internship

Program Admissions

Program Tables Updated: September 1, 2019

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program’s policies on intern selection and practicum and academic preparation requirements:

Applicants must be from APA- or CPA-accredited programs. The Behavioral Medicine, Clinical Forensic, Clinical Child-Pediatric, and Women’s Mental Health positions are limited to students who are degree candidates in clinical psychology programs. The TEACCH, CIDD and Clinical Child-Community positions do not have this restriction.

Applicants must have completed at least three years of graduate training. Comprehensive exams must have been passed by the application deadline, and the dissertation proposal passed by the start of the internship.

Additional eligibility restrictions for the Clinical Forensic positions are described under Special Considerations in Selections, as detailed in the Brochure.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	Yes		Amount: 400
Total Direct Contact Assessment Hours	Yes		Amount: 100

Describe any other required minimum criteria used to screen applicants:

Immediately prior to the start of the internship year, a criminal and background check will be completed for each intern. In order to start the internship, the results from the criminal and background check must meet UNC requirements for working with patients.

Applicants who are not U.S. citizens must be eligible for and receive a U.S. visa for the internship year.
