

# Healthy Volunteers Needed for Research Study

The UNC-Chapel Hill School of Medicine is seeking healthy volunteers for a research study monitoring changes in brain functioning through five study visits over an 8 month time period.

## You may be eligible for this study if:

- You are between the ages of **12-30**
- You have no acute or chronic illnesses
- You are able to come to UNC for study visits over the next 8 months

Study visits will include questions about mental and physical health, tests of memory and attention, MRI, EEG and a blood draw. Compensation for completing all study evaluations is **\$1290**.

For more information or to find out whether you are eligible visit <http://www.med.unc.edu/psych/cecmh/oasis/research> and click on **“Join our Research Registry”** or call **(877) PRIME-19** or **(877) 774-6319**

*People under the age of 18 will need permission from a parent or guardian prior to completing the questionnaire.*

This project is funded by the National Institute of Mental Health  
University of North Carolina  
Committee on the Protection of the Rights of Human Subjects  
The BioMedical IRB  
IRB #14-2055
