

## Short-acting beta-agonist (SABA)

## Short-acting muscarinic-antagonist (SAMA)

## Long-acting beta-agonist (LABA)

**Arcapta Neohaler**  
→ indacaterol

**Striverdi Respimat**  
→ olodaterol

**Serevent Diskus**  
→ salmeterol xinafoate

# Long-acting muscarinic-agonist (LAMA)

**Spiriva Handihaler**  
→ tiotropium bromide

**Spiriva Respimat**  
→ tiotropium bromide

**Seebri Neohaler**  
→ glycopyrronium bromide

**Incruse Ellipta**  
→ umeclidinium

**Tudorza Pressair**  
→ aclidinium bromide

## Combination (LAMA/LABA)

**Bevespi  
Aerosphere**  
→ glycopyrrolate &  
formoterol fumarate

**Stiolto Respimat**  
→ tiotropium bromide &  
olodaterol

**Ultibro Neohaler**  
→ indacaterol maleate &  
glycopyrronium bromide

**Anoro Ellipta**  
→ Umeclidinium &  
vilanterol

# Combination (LABA/ICS)

**Advair HFA/Diskus**

→ fluticasone propionate & salmeterol

**Symbicort**

→ budesonide & formoterol fumarate dihydrate

**Dulera**

→ mometasone furoate & formoterol fumarate dihydrate

**Breo Ellipta**

→ fluticasone furoate & vilanterol

# Combination (SABA/SAMA)

## (SAMA) Nebulizer Treatment

## (SABA) Nebulizer Treatment

## (LABA) Nebulizer Treatment

**Brovana**

→ arformoterol tartrate

**Performist Nebulized**

→ formoterol fumarate
