UNC-CH, School of Medicine, Department of Radiology

Clinical Fellowship

The University of North Carolina at Chapel Hill, School of Medicine has an opening for a fellow in our one-year Cardiothoracic Imaging Fellowship beginning July 1, 2017. This position will incorporate training in the areas of cardiac and thoracic imaging. Fellows will be responsible for supervised interpretation of thoracic and cardiovascular imaging examinations including radiography, computed tomography, CT and MR angiography, and cardiac CT and MRI.

To be eligible for consideration, a candidate must be: a) enrolled in or have completed a residency in Diagnostic Radiology, b) board-eligible or Board-certified by the American Board of Radiology, c) pass the core ABR Examination by July 1 2017, if not board certified, d) able to qualify for a current NC Medical License, individual DEA License and a NPI # (National Provider Identifier) by April 1 2017, and e) legally able to work in the United States. Applicants must be M.D., D.O. or FMG equivalent.

To be formally considered for the fellowship, applicants must upload a cover letter and CV to the following link: http://unc.peopleadmin.com/postings/109372.

The University of North Carolina at Chapel Hill is an equal opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to age, color, disability, gender, gender expression, gender identity, genetic information, national origin, race, religion, sex, sexual orientation, or status as a protected veteran.
