

CURRICULUM VITAE

Personal Information

Name: Gail Elizabeth Henderson

Office Address: Department of Social Medicine
333 South Columbia Street
MacNider Hall 347A
School of Medicine CB #7240
University of North Carolina
Chapel Hill, NC 27599-7240

Phone: 919-843-8268, 962-1136 Office
FAX: 919-966-7499
Email: gail_henderson@med.unc.edu

Birth: July 12, 1949, Boston, Massachusetts

Education

1982-1984 Post-doctoral Fellowship, University of North Carolina at Chapel Hill, School of Public Health. Course work in the Departments of Epidemiology, Health Behavior and Health Education, and Health Policy and Administration.

1977-1982 Ph.D. University of Michigan, Department of Sociology; Ann Arbor, Michigan. Dissertation Title: *Danwei, The Chinese Work Unit: A Participant-Observation Study of a Hospital*. 1982. 295 pages. Dissertation research conducted at a hospital in the People's Republic of China: a case study of hospital organization, the delivery of health care, and the socialist system of workplace organization.

1976-1977 M.A. University of Michigan, Department of Sociology; Ann Arbor, Michigan

1975-1976 Course requirements for an M.A. in Chinese Studies completed, University of Michigan, Center for Chinese Studies; Ann Arbor, Michigan

1967-1971 B.A. Oberlin College, Department of Chinese Language and Literature; Oberlin, Ohio

Employment History

July 1, 2009-2015 Chair, Department of Social Medicine

July 2008-2011 Director, Ethics Core, UNC Translational and Clinical Sciences Institute (NC TraCS)

October 2007
To present Director, UNC Center for Genomics and Society

July 2004-2014 Director, International Core, UNC Center for AIDS Research

Nov. 11, 1999
To present Professor
Department of Social Medicine

School of Medicine
University of North Carolina at Chapel Hill

Responsibilities include teaching in the medical school curriculum, in several graduate medical education programs, and advising independent student research projects. Topics include social factors in health and health care, cross cultural issues in medical and research ethics, the ethics and politics of clinical research, and ethical, legal, and social implications of genetic and genomic research. Scholarship includes interdisciplinary survey research on the determinants of health, health and equity in China, surveys evaluating informed consent in clinical and epidemiological research, studies of perceptions of risk and benefit in genetic and genomic research, and in early phase HIV “cure” trials, and mixed methods research on organizational and policy features of biobanks in the US.

1996- to present Adjunct Professor
Department of Sociology
University of North Carolina at Chapel Hill

1993-1999 Associate Professor
Department of Social Medicine
School of Medicine
University of North Carolina at Chapel Hill

1987-1993 Assistant Professor
Department of Social Medicine
School of Medicine
University of North Carolina at Chapel Hill

1983-1987 Research Assistant Professor (half time appointment)
Department of Social Medicine
School of Medicine
University of North Carolina at Chapel Hill

1980-1981 Program Coordinator
Orange County Women's Center
Chapel Hill, North Carolina

Responsibilities included program development and conducting a needs assessment survey of the women of Orange County.

1980 Interpreter for IBM sales and technical representatives, Beijing

1979-1980 Special Representative of the Yale-China Association, New Haven, Connecticut

To conduct a feasibility study for bio-medical exchange programs between Yale University School of Medicine and Hubei Provincial Medical College.

- 1979-1980 Lecturer, Hubei Provincial Medical College, Wuhan
Department of Foreign Languages
People's Republic of China
- 1975-1978 Research Assistant in Chinese Politics
University of Michigan Center for Chinese Studies, for Prof. Michel Oksenberg. Work
during this time resulted in publication of an index to editorials in The People's Daily.
- 1972-1973 Translator
National Palace Museum
Taipei, Taiwan (5 months)
- 1971-1973 Instructor
Department of Foreign Languages
Tunghai University, Taichung, Taiwan

Honors & Awards

Kenan Senior Faculty Research and Scholarly Leave, January-July 2017

Outstanding Postdoc Mentor Award, September 2016

Member, NHGRI National Advisory Council, 2016-2020

Member, NHGRI Genomics and Society Working Group, 2016-2020

Annual Review of Genomics and Human Genetics, Editorial Board, 2015-2016

Fellow, Academic Leadership Program, UNC Institute for Arts and Humanities, 2010-2011

Genetics in Medicine, Editorial Board, 2009-2017

Member, Protection of Human Subjects Committee, Family Health International, RTP, NC, 2006-2008

American Sociological Review, Editorial Board, 2001-2004

NIH, NHLBI, Genetics of Asthma and Hypertension Observational Study Monitoring Board, 2001-2005

Member, NHGRI Ethical Legal & Social Implications Program Study Section, 2001-2005

Pogue Leave, awarded by the Chancellor of the University of North Carolina, for a sabbatical leave, 1997-1998

Mellon Fellowship in Chinese Studies, for post-doctoral studies in the fields of public health and medical sociology, at the University of North Carolina School of Public Health, sponsored by the American Council of Learned Societies and the Social Science Research Council, 1982-1984

University of Michigan Center for Chinese Studies Dissertation Grant, 1979-1980

National Defense Foreign Language Fellowships, University of Michigan Center for Chinese Studies, 1976-79

Newton Prize, Oberlin College received for publication of article, "Sexism in the Chinese Language," 1974

Oberlin Shansi Memorial Association Fellowship, awarded for two years' teaching English in Taiwan and one year in residence at Oberlin College, 1971-1974

Conferences and Panels Organized

Conferences/Workshops

- 2016 Co-organized Workshop, "Who will Benefit from Precision Medicine? Distributive Justice and Dilemmas of Inclusion," with Paul Appelbaum and Liz Cohn, Columbia University, January 8-9
- 2011 & 2012 Organized Two-Part Workshop on Ethical issues in Genomic Research on HIV, with the Office for AIDS Research, NIH, November 5, 2011 and July 21, 2012
- 2011 Organized Workshop on Ethical Considerations in Human HIV Genetics/Genomics Research, Sponsored by NIH and DHHS Office of AIDS Research, Washington DC, November 2-3, as part of OAR GRWG Ethics Workshop Planning Committee

- 2011 Organized Conference on Social Science and Public Health Research on HIV/AIDS in China, Liuzhou City, May 30-June 3, funded by UNC Center for AIDS Research and NICHD R24 grant, “Partnership for Social Science Research on HIV in China”
- 2011 Organized ELSI 2011 Congress, Chapel Hill, NC, April 12-14, Hosted by the UNC Center for Genomics and Society, funded by supplement to our P50 Center grant
- 2010 Organized Training Course on Qualitative Data Analysis, Peoples University, Beijing, China, May 25-30, funded by UNC Center for AIDS Research and NICHD R24 grant, “Partnership for Social Science Research on HIV in China”
- 2008 Organized Training Course on NIH Grantwriting, Peoples University, Beijing, China, December 10-14, funded by UNC Center for AIDS Research and NICHD R24 grant, “Partnership for Social Science Research on HIV in China”
- 2006 Developed and lectured in research ethics workshop in Lilongwe, Malawi, June 13-16, funded by UNC Center for AIDS Research and Fogarty AIDS International Training and Research Program (AITRP)
- 2005 Organized and hosted “Therapeutic Misconception Consensus Conference,” Chapel Hill, NC September 8
- 2003 Developed and lectured in research ethics workshop for HIV/AIDS clinical researchers, Kunming, Yunnan, China, funded by Fogarty AIDS International Training and Research Program (AITRP)
- 2002, 2003 Developed and lectured in research ethics workshop for HIV/AIDS clinical researchers, Beijing, China, funded by Fogarty AIDS International Training and Research Program (AITRP)
- 1996 Organized International Conference (with Barbara Entwisle), “Gender, Households, and the Boundaries of Work in China.” Funded by grants from the American Council of Learned Societies, the Chiang Ching-Kuo Foundation, and the Carolina Population Center.
- 1995 Organized International Working Conference (with UNC Colleagues), “From ‘Regs’ to Relationships: Reexamining Research Ethics.” Funded by the UNC University Center for International Studies, and other UNC departments and centers.

Selected Panels

- 2017 With Holly Peay and Cindy Powell, “Ethical Issues in Large Scale Research: Cross-cutting Issues in Exploring Genetic Risk in Adult and Pediatric Populations,” ELSI Congress, Jackson Labs, Farmington, CT, June 5-7

- 2012 “Who are we to say? Translating results from empirical studies of biobanking into normative recommendations” Panel organized for the American Society for Bioethics and Humanities meeting, Washington DC, October
- 2012 “Social Science Research on STD and HIV/AIDS in China,” panel presentation at the All-China STD Conference in Shenzhen, May 23-25.
- 2011 “Best Practices in Biobanking? One size does not fit all,” PRIM&R Washington DC, December
- 2006 “ELSI Issues in *Large-Sample* Gene Discovery and Disclosure,” and “Why the Genome Institute Funds Ethics Research,” talks presented at Johns Hopkins Interdisciplinary Genetic Research Course: Medical, Public Health, Biostatistical, and Bioethical Approaches, Beijing, May 22-26
- 2005 “Therapeutic Misconception in Early Phase Gene Transfer Research,” Presented as part of panel on research ethics, Sociology of Bioethics Conference, Eastern Sociological Association, Washington DC, March 17-19.
- 2004 With Charles Lidz, Paul Appelbaum, and Alan Meisel, panel presentations on “Therapeutic Misconception: New Empirical Research.” American Society for Bioethics and Humanities Meeting, Philadelphia, October.
- 2001 Organized and moderated panel on “Nurse Rivers’ Dilemmas: Research Relationships, Ethics, and the Study Coordinator.” American Society for Bioethics and Humanities Meeting, Nashville, October.
- 1999 Organized and chaired panel on “Selling Drugs to China: Market Formation and the Struggle for the Competitive Terrain.” Annual Association for Asian Studies Meeting, Boston, March.
- 1998 Organized workshop at the China-Europe International Business School, “The Changing Nature of Chinese Antibiotics Markets, May 3, Shanghai.
- 1996 With Nancy King, organized research ethics workshops at the International Clinical Epidemiology Network meeting in Victoria Falls, Zimbabwe, January
- 1994 With Robert Levine, organized research ethics panels at the International Clinical Epidemiology Network meeting in Chiang Mai, Thailand, January
- 1994 With Scott Rozelle, organized and chaired panel on "Gender, Households, and New Economic Opportunities in Rural China." Annual Association for Asian Studies Meeting, Boston, March.
- 1992 Organized and chaired panel on "Distribution of Income and Welfare in China: Results from Recent Large-scale Surveys." Annual Association for Asian Studies Meeting, Washington, D.C., April.

1987 Organized and chaired panel on "Health Care Financing Under Market Socialism." Annual Association for Asian Studies Meeting, Boston, April.

Other Selected Presentations

2017 Henderson, Gail E., "Embedding Genomics in an ELSI Study: The Case of GeneScreen," ELSI Congress, Jackson Labs, Farmington, CT, June 5-7.

2017 Henderson, Gail E., "HIV Cure Trials: Why do people decide to join or decline?" Oral presentation at the 19th Bangkok International Symposium on HIV Medicine, January 18-20, Bangkok, Thailand

Teaching Responsibilities

School of Medicine

- 1983-2010 Medicine and Society. Interdisciplinary, year-long, required course for first-year medical students, (approximately 60 contact hours).
- 1988-1995, 1998-2000 Course Director, Medicine and Society.
- 2010, 2012 Seminar on Research Ethics. Seminars in the Humanities and Social Sciences.
- 2013-present Seminar on Ethics and Politics of Clinical Research, Seminars in the Humanities and Social Sciences.
- 2016-2017 Intensive Integration Monthly Seminar for 3rd year Medical Students: RICE (Reflection, Inter-professional Education, Communication Skills, and Ethics).

- 1983-1990 International Health; The Rise of Technology in Medical Care. Seminars in Selective Seminars in the Social Sciences in the Social Sciences and Humanities, a required course for second-year medical students, (approximately 30 contact hours).
- 1990-present Health and Inequality: Sorting out the Social Causes of Illness and Differential Access to Care. Seminars in the Social Science and Humanities, (approximately 30 contact hours)
- 1993-present Clinical Epidemiology. A required course for second-year medical students (approximately 60 contact hours).
- 1988-1989, 2002-present Lecturer in the Robert Wood Johnson Clinical Scholars program
- 1988-present Lecturer the Rockefeller International Clinical Epidemiology Network (INCLIN) program, both at UNC School of Medicine, (estimated 15 contact hours annually).
- 1994-1995 Designed and co-taught INCLIN course in clinically applied health social science, in two locations in China
- 1985-present Independent Study Preceptor. Supervised UNC medical students on study projects in China, India, Venezuela, India, Guatemala, and other countries
- UNC-CH
- 2005-2008 Co-instructor, campus-wide course, “Interdisciplinary Perspectives on Global Health”
- 1998, 2001 Sociology 169 (Medical Sociology), Department of Sociology, University of North Carolina at Chapel Hill (approximately 96 contact hours).
- 1993 Co-instructor, course on Chinese society, Department of Anthropology, University of North Carolina at Chapel Hill (approximately 30 contact hours).
- 1988-present Graduate Student Committees: MA and Ph.D. Committees in Sociology, Schools of Public Health (7 masters thesis and 18 doctoral dissertation committees to date)

Grants Funded

- 2016-2020, Principal Investigator, NIH, National Institute of Allergy and Infectious Disease (NIAID), “Integrating Decision-Making Studies into HIV Cure Trials: A Real-Time Longitudinal Assessment,” \$384,900 annual direct.
- 2007-2018, Principal Investigator, NIH, National Human Genome Research Institute (NHGRI), “Center for Genomics and Society,” \$750,000 annual direct. [Renewal awarded, 2013-2018]
- 2010-2011 NIH, National Human Genome Research Institute (NHGRI), Principal Investigator, Supplement to Center for Genomics and Society grant, for 2011 ELSI Congress, \$200,000

2013-2018, Co-investigator, “Unintended and Intended Implications of HIV Cure: A Social and Ethical Analysis” (Principal Investigators, Joseph Tucker and Stuart Rennie), \$546,174 annual direct.

2011-2015, Co-Principal Investigator, “NCGENES: North Carolina Clinical Genomic Evaluation by NextGen Exome Sequencing,” (Principal Investigator: Jim Evans), \$1,383,000 annual direct. (NCE 2017)

2010-2011, Principal Investigator, NIH, NHGRI, “From Specimen to Biobank: Using an Organizational Perspective to Study ELSI Issues,” \$406,000 annual direct.

2009-2011, Sub-contract Principal Investigator, NIH, NHGRI Challenge Grant, “Ethical Issues in Genotype-Driven Research Recruitment,” (Principal Investigator: Laura Beskow), \$72,278 annual direct.

2008-2013, Co-Investigator, NIH, UNC CTSA Award, (Principal Investigator: Marschall Runge) Director of Clinical Research Ethics Core until 2011, then Core Member, \$7,409,424 annual direct.

2011-2012, Principal Investigator, Supplement to UNC CTSA, “Enhancing Biobank Capacities across CTSAAs,” \$130,000

2007-2012, Principal Investigator, NIH, National Institute of Child Health and Development (NICHD), “Partnership for Social Science Research on HIV/AIDS in China,” \$350,000 annual direct.

2005-2016, Co-Investigator, Renewal of NIH, National Institute of Allergy and Infectious Diseases, UNC Center for AIDS Research (Principal Investigator: Ronald Swanstrom) International Core Director. \$103,000

2005-2006, Principal Investigator, UNC Lineberger Comprehensive Cancer Center Population Sciences Research Award, Subjects’ Understanding of the Nature and Intent of Clinical Research in Early Phase Cancer Trials: Developing a ‘Research-Treatment’ Scale. \$11,000

2008-2012, Co-Investigator, Renewal of NIH Fogarty International Center, Bioethics Training Grant, “Strengthening Bioethics Capacity and Justice in Health” (Principal Investigator, Frieda Behets) \$236,101 annual direct.

2004-2007, Co-Principal Investigator, National Human Genome Research Institute (NHRGI), ELSI Center Planning Grant “ELSI Scale-Up: Large Sample Gene Discovery and Disclosure” (Principal Investigator: Don Bailey, Co-Principal Investigators: James Evans, Nancy King, Marcia Van Riper, Debra Skinner) \$300,000 [+1 year supplement]

2003-2007, Principal Investigator, National Human Genome Research Institute (NHGRI), Renewal of “Social Construction of Benefit in Gene Transfer Research,” \$626,486

2002-2006, Co-Principal Investigator, National Human Genome Research Institute, NIH, “Learning About Research in North Carolina” (Principal Investigator: Giselle Corbie-Smith) \$979,320 [+1 year supplement]

2002, Co-Investigator, UNC Center for Gastrointestinal Biology and Disease, “Perceptions of Risks and Benefits of Participating in Epidemiology-Genetic Studies for Blacks and Whites with and without Rectal Cancer” (CGBIB-PF73, Principal Investigator: Giselle Corbie-Smith) \$20,000.

2002-2003, Principal Investigator, Supplement grant for IRB capacity building workshops, in collaboration with the China-CDC, funded by NIH Fogarty International Center, AIDS International Training and Research Program, \$86,000.

1999-2003, Principal Investigator, National Human Genome Research Institute (NHGRI), "Social Construction of Benefit in Gene Transfer Research." \$976,355. 4th year supplement awarded March 2002, extending grant period to 2003: \$240,385

1997-1998 Pogue Leave, Sabbatical Award from the University of North Carolina at Chapel Hill.

1997-1998 (3 months in China) The American Council of Learned Societies, Committee on Scholarly Communication with China, Research Award, "The Chinese Pharmaceutical Industry," \$17,200.

1996-1998, Co-Investigator, The Henry Luce Foundation, Inc., "The Welfare Effects of Economic and Social Change in China." (Principal Investigator: Barry Popkin) \$170,000.

1993-1994 UNC University Research Council research grant, to fund data analysis work from the China Health and Nutrition Survey, on the determinants of health and inequality. \$2,110.

1991-1996, Co-Investigator, National Institute of Child Health and Human Development (NICHD), "Health and Reproduction Dynamics and Social Change." 5-year Program Project P01-HD28076. (Principal Investigator: Barry Popkin) \$2,345,679.

Funded Subprojects:

1993-1995 "Community and Individual Determinants of Health," Co-Investigator (Principal Investigator: John Akin) \$200,000.

1991-1996 "Reproductive Behavior, Health and Role Dynamics," Co-Investigator (Principal Investigator: Barbara Entwisle) \$335,030.

1991-1996 "Longitudinal Data Collection and Dissemination," Co-Investigator (Principal Investigator: Barry Popkin) \$720,685.

1993-1996, Principal Investigator, National Science Foundation 3-year renewal grant. "Modeling the Health Transition." \$60,000.

1990-1992, Principal Investigator, National Science Foundation 2-year grant. "Modeling the Health Transition: An Analysis of the Consequences of Socioeconomic and Demographic Changes in China," (Co-investigators: Barry Popkin and John Akin of the UNC Carolina Population Center). This grant provided funding for travel and per diem support of Chinese collaborators in Chapel Hill, for the China Multipurpose Survey, \$40,000.
