

CURRICULUM VITAE

PERSONAL INFORMATION

Name

Jeffrey Sonis, M.D., M.P.H.

Office Address

Department of Social Medicine
Room 345A MacNider
CB# 7240
School of Medicine
University of North Carolina at Chapel Hill
Chapel Hill, N.C. 27599-7240

Telephone

919-843-8264 (office)

EDUCATION

M.P.H., Epidemiology, University of North Carolina School of Public Health,
Chapel Hill, North Carolina

Johns Hopkins Summer Epidemiology Institute, Baltimore, Maryland

Columbia University School of Public Health, New York, New York

M.D., University of Pennsylvania School of Medicine, Philadelphia,
Pennsylvania

B.A., Biology, Oberlin College, Oberlin, Ohio

Hampshire College, Amherst, Massachusetts

POSTGRADUATE TRAINING

Postdoctoral Fellow, Cecil G. Sheps Center for Health Services Research,
University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Preventive Medicine Residency, University of North Carolina at Chapel Hill,
Chapel Hill, North Carolina

Duke-Watts Family Medicine Residency, Durham, North Carolina

BOARD CERTIFICATION:

Recertification, American Board of Family Medicine

Certification, American Board of Preventive Medicine (lifetime certification)

Certification, American Board of Family Medicine

PROFESSIONAL EXPERIENCE:

11/10 – Present Research Associate Professor of Social Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

02/11 – Present Clinical Associate Professor of Family Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Clinical Assistant Professor of Family Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Research Assistant Professor of Social Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Assistant Professor of Social Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Assistant Professor, Department of Epidemiology, University of Michigan, Ann Arbor, Michigan

Assistant Professor, Department of Family Practice, University of Michigan, Ann Arbor, Michigan

Instructor, Department of Family Medicine, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina (during Preventive Medicine Residency)

Chief Resident, Preventive Medicine Residency, University of North Carolina at Chapel Hill, Chapel Hill, North Carolina

Assistant Professor, Department of Family Practice, State University of New York, Health Science Center at Brooklyn, Brooklyn, New York, New York

Director, Community Medicine and Outreach, Department Of Family Practice, State University of New York, Health Science Center at Brooklyn, Brooklyn, New York

Clinical Assistant Professor, Department of Family Practice, State University of New York, Health Science Center at Brooklyn, Brooklyn, New York

Medical Director, Coney Island Community Health Center, Brooklyn, New York

Staff Physician, Coney Island Community Health Center, Brooklyn, New York

Staff Physician, CrestMed Minor Emergency Center, Tulsa, Oklahoma

Staff Physician, Indian Health Care Resource Center, Tulsa, Oklahoma

HONORS AND AWARDS

Technical Experts Panel Member, AHRQ Evidence-based Practice Center Project EHC-2018-04-0005, Pharmacologic and Non-pharmacologic Treatment of Post-traumatic Stress Disorder

Reappointment as Fellow, Academy of Educators, University of North Carolina at Chapel Hill

Alpha Omega Alpha Medical Honor Society, University of North Carolina at Chapel Hill; Elected as Faculty member

Vice-Chair, American Psychological Association PTSD Treatment Guideline Development Panel

American Psychological Association PTSD Treatment Guideline Development Panel

Faculty Representative, Dean's Advisory Committee (One of two faculty members, from among more than 1,500 faculty members at UNC SOM, elected to represent the faculty)

Teaching Champion, UNC School of Medicine

Reappointment as Fellow, Academy of Educators, University of North Carolina School of Medicine

Outstanding Contribution to Trauma Research Methodology, International Society for Traumatic Stress Studies

Fellow, Academy of Educators, University of North Carolina School of Medicine

Dean's Teaching Excellence Award, University of North Carolina at Chapel Hill School of Medicine

Invited Participant, Health and Human Rights Curriculum Project, Sponsored by the American Public Health Association, Francois-Xavier Bagnoud Center for Health and Human Rights at Harvard School of Public Health, The Josiah Macy, Jr. Foundation, The Kellogg Foundation.

Letter of commendation from Editors, *Medical Care*. Top 5% of reviewers, 1996 - 2001, based on quality, number and timeliness of reviews

Young Investigator Program, "Trauma in Bosnia-Herzegovina", National Research Council, National Academy of Sciences (I was one of seven junior faculty in the U.S. selected to participate in a two week program in Bosnia-

Hercegovina to investigate trauma sequelae, and develop collaboration with Bosnian researchers; unable to participate due to family health issues.)

Cadre of Experts on Ethnopolitical Violence, American Psychological Association

Core Research Faculty, Research Center on Religion, Race, and Health, Survey Research Center, Institute for Social Research

Faculty Development Seminar, Carnegie Council on Ethics and International Affairs

Short-listed, Robert Wood Johnson Investigator Awards in Health Policy Research (Top 15% of applicants)

Mead Johnson Family Medicine Research Forum

National Research Service Award, University of North Carolina at Chapel Hill

Chief Resident, Preventive Medicine Residency, University of North Carolina at Chapel Hill

High Honors in Biology, Oberlin College

Phi Beta Kappa, Oberlin College

Sigma Xi, Associate Member, Oberlin College

National Science Foundation, Undergraduate Research Participant, Oberlin College

BIBLIOGRAPHY AND PRODUCTS OF SCHOLARSHIP

Book Chapters

1. Bufka LF, Sonis JH. Introduction to Evidence Based Treatments for PTSD, in Bufka LF, Wright V, eds. *PTSD Case Book*. Washington, DC: American Psychological Association. Accepted for publication
2. Friedman MJ, Sonis JH, What psychologists should know about medications for PTSD, in Bufka LF, Wright V, eds. *PTSD Case Book*. Washington, DC: American Psychological Association, Accepted for publication.
3. Sonis J, Suvak MK, Schnurr PP. Empirical Study of Trauma: Methodological and Statistical Considerations, in, Gold S Cook JM, Dalenberg C, eds, *APA Handbook of Trauma Psychology*, American Psychological Association, Washington, D.C., 2017: 35-62.
4. Sonis J, Survivor Studies: The importance of evaluating the effects of truth commissions on survivors of human rights violations, in van der Merwe H, Baxter V, Chapman AR, eds., *Assessing the impact of transitional justice: Challenges for empirical research*, United States Institute of Peace Press, Washington, D.C.:191-225, 2009.

5. Runyan DK, Sonis J. Children and Violence in Rural America, (in) *Youth Violence: Report of the Twenty Third Ross Roundtable on Clinical Approaches to Common Pediatric Problems*. Columbus Ohio, Ross Laboratories, 1992.

TEACHING ACTIVITIES

Course Director

2005 - 2012	Course Director, Clinical Epidemiology and Evidence-Based Medicine, required course for second year medical students, 33 student contact-hours, University of North Carolina at Chapel Hill. 150 students
2001 - 2004	Course Director, Clinical Epidemiology and Evidence-Based Medicine, required course for second year medical students, 33 student contact-hours, University of North Carolina at Chapel Hill. 140 students
1997 - 1998	Course Director, Strategies and Uses of Epidemiology, 3-credit required course, Pew Doctoral Program for Health Policy, University of Michigan, School of Public Health. 12 students
1989 - 1991	Course Director, Community Medicine Rotation, Family Practice Residency, State University of New York, Health Science Center at Brooklyn, 3 months/year. 12 Residents.

Courses

2012 – present	Seminar leader, Social and Health Systems 1 course for first-year medical students. University of North Carolina at Chapel Hill. 10-14 students per year.
----------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------

- 2012 – present Seminar leader, Social and Health Systems 2 course for first-year medical students. University of North Carolina at Chapel Hill. 10-14 students per year.
- 2011 - present Seminar leader, Social and Health Systems 3 course (Health and Human Rights) course for second-year medical students. University of North Carolina at Chapel Hill. 10 – 14 students per year.
- 2008 - 2011 Small group leader. Health, war and terrorism through the lens of human rights, Selective in Humanities and Social Science for 2nd year medical students, University of North Carolina at Chapel Hill. 10 – 14 students per year.

Course Committee

- 2005 - 2010 Tools for Diagnosis and Therapy, required course for second year medical students, University of North Carolina at Chapel Hill. I directed the Clinical Epidemiology component of the course, which consists of 7.5 student contact-hours related to diagnostic testing and screening, and a Capstone Case, 6 student contact-hours. 140 students
- 2003 - 2004 Tools for Diagnosis and Therapy, required course for second year medical students, University of North Carolina at Chapel Hill. I directed the Clinical Epidemiology component of the course, which consists of 7.5 student contact-hours related to diagnostic testing and screening, and a Capstone Case, 6 student-contact hours. 140 students
- 1993 - 1994 Course Committee, Clinical Epidemiology, University of North Carolina at Chapel Hill, School of Medicine, Chapel Hill, North Carolina.

Lectures

To Medical Students

- 2015 Does justice heal? Cambodians' responses to the Khmer Rouge Tribunal. UNC Chapter, Physicians for Human Rights.
- 2001 - 2012 Clinical Epidemiology and Evidence-Based Medicine, Introductory Lecture for course.
- 2010 Cambodians' responses to the Khmer Rouge Trials: Justice, Desire for Revenge and Posttraumatic Stress Disorder, UNC Chapter, Physicians for Human Rights
- 2008 Incidence and prevalence, part of Molecules to Cells required course for first-year medical students, University of North Carolina at Chapel Hill
- 2004 Physicians and Torture in Iraq, UNC Chapter, Physicians for Human Rights.

- 2003 Evidence-Based Medicine, part of Pre-Clinical Informatics required course for first-year medical students, University of North Carolina at Chapel Hill
- 2003 Mental Health Consequences of Human Rights Violations, UNC Chapter, Physicians for Human Rights
- 2001 Mental Health Consequences of Human Rights Violations, UNC Chapter, Physicians for Human Rights
- 1995 - 1997 Guest Lecturer, Physicians and Human Rights, Seminars in Medicine, Required M3 course, University of Michigan

To Graduate Students

- 2010 Cambodians' responses to the Khmer Rouge Trials, as part of Literature, Medicine and Culture, (English 268), University of North Carolina at Chapel Hill
- 2005 Health and human rights, as part of campus-wide course on Global Health, University of North Carolina at Chapel Hill
- 1997 Twenty hours of lectures on introductory epidemiology topics, as part of Strategies and Uses of Epidemiology, 3 credit required course, Pew Doctoral Program for Health Policy, University of Michigan, School of Public Health

To Residents

- 2008 Psychological trauma and PTSD: a primary care approach. Family Medicine
- 2007 Diagnosis of Acute Coronary Syndromes, Family Medicine inpatient service
- 2006 Diagnosis of Acute Coronary Syndromes, Family Medicine inpatient service
- 2005 Evaluation of Clinical Prediction Rules, Family Medicine inpatient service
- 2004 Evidence-Based Medicine Resources, Family Medicine inpatient service
- 2003 Diagnostic Testing, Family Medicine inpatient service

To Fellows or Postdoctorals

- 2009 Mental health effects of the Khmer Rouge Trials in Cambodia, Preventive Medicine Residency, University of North Carolina at Chapel Hill
- 2004 A New Instrument to Measure Perceptions of Justice Among Survivors of Human Rights Violations, Department of Sociology, University of North Carolina at Chapel Hill
- 2002 How to Do Research on Difficult Topics, Robert Wood Johnson Clinical Scholars Program, University of North Carolina at Chapel Hill

2001 What do Survivors of Human Rights Violations Want: Voices from South Africa's Truth and Reconciliation Commission, National Research Service Award Fellows, University of North Carolina at Chapel Hill

Grand Rounds or Faculty Fora

At UNC

2015 Does justice heal (or hurt)? Cambodians' responses to the Khmer Rouge Tribunal. Department of Social Medicine Faculty Forum.

2011 How (and whether) to write a conference grant. Department of Family Medicine.

2010 Mental health care for returning military service members: a primary care approach, Department of Family Medicine.

2010 Psychological trauma: a primary care approach. Department of Family Medicine

2009 Cambodian attitudes and mental health on the eve of the Khmer Rouge Trials, Department of Social Medicine

2007 A longitudinal study of the Greensboro Truth and Reconciliation Commission, Department of Social Medicine

2006 The Khmer Rouge Trials in Cambodia, Department of Social Medicine

2006 Psychological trauma: a primary care approach. Department of Family Medicine

2005 Do Truth Commissions promote social healing, Department of Social Medicine.

2004 A new instrument to measure perceptions of justice among survivors of human rights violations, University Center for International Studies, Collective Violence and Conflict Resolution Working Group.

2002 A new instrument to measure perceptions of justice among survivors of human rights violations, Department of Social Medicine.

1999 Mental health consequences of human rights violations: Research with survivors from Bosnia and South Africa. Department of Social Medicine.

Outside UNC

2013 Mental health care for returning military service members: a primary care approach. WakeMed Medical Center, February 2013.

- 2013 Mental health care for returning military service members: Resources for primary care clinicians. Maria Parham Medical Center, February 2013.
- 2010 Mental health care for returning military service members: a primary care approach, Department of Internal Medicine, New Hanover Regional Medical Center, November 2010.
- 2001 Mental health consequences of human rights violations: Research with survivors from Bosnia, South Africa, and Vietnamese prison camps, Department of Epidemiology, University of Michigan
- 2000 The psychological effects of testifying before the Truth and Reconciliation Commission in South Africa, Department of Family Medicine, University of Texas Health Science Center at San Antonio
- 1999 Evaluation of clinical practice guidelines: Fever in young children. Department of Family Medicine, University of Michigan.
- 1999 Evaluation of clinical practice guidelines: Fever in young children. Medical University of South Carolina, Department of Family Medicine, Charleston, South Carolina.
- 1994 Family Physicians and human rights: The case of Former Yugoslavia, University of California, Davis, Department of Family Medicine, Sacramento, California.
- 1994 The quality of clinical trials published in *The Journal of Family Practice*, 1974-1991. University of Maryland at Baltimore, Department of Epidemiology and Preventive Medicine, Baltimore, Maryland.
- 1991 Principles of screening, Kings Highway Hospital, Brooklyn, New York.

Continuing Education

At UNC

- 2003 How to use likelihood ratios, for instructors teaching in Introduction to Clinical Medicine, required course for first and second year medical students.
- 2002 Epidemiology of PTSD, School of Social Work, Jordan Institute for Families
- 2002 Biological aspects of PTSD and drug treatment, School of Social Work, Jordan Institute for Families
- 2002 Screening for PTSD, School of Social Work, Jordan Institute for Families
- 2002 Categorical data analysis: An epidemiologic approach. (3 hour workshop). International Society of Traumatic Stress Studies Annual Conference, Baltimore, MD.

- 1998 Evaluation of clinical practice guidelines: fever in young children, A Quarter Century of Family Medicine Residency at Duke, Durham, North Carolina.
- 1996 Interpretation of diagnostic tests: How to use likelihood ratios, Family Practice , 1996: 10th Annual Spring Review Course, Ann Arbor, Michigan
- 1996 Physicians and human Rights, Michigan Academy of Family Physicians Annual Meeting, Traverse City, Michigan.
- 1991 Family Practice Board Review, State University of New York, Health Science Center at Brooklyn

Small group teaching

- 2011 – 2016 Seminar leader, Evaluation of Randomized Trials, as part of Science of Medicine course for fourth year medical students, University of North Carolina at Chapel Hill. 10 - 20 students per session
- 2005 - 2012 Seminar Leader, Clinical Epidemiology and Evidence-Based Medicine, required course for second year medical students, 33 student contact-hours, University of North Carolina at Chapel Hill. 12 – 16 students per year.
- 2001 - 2004 Seminar Leader, Clinical Epidemiology and Evidence-Based Medicine, required course for second year medical students, 33 student contact-hours, University of North Carolina at Chapel Hill. 12 – 16 students per year.
- 2002 Seminar Leader, Introduction to Human Sexuality, required course for first year medical students, 3 student-contact hours, University of North Carolina at Chapel Hill. 12 students.
- 1992 - 1993 Seminar Co-Instructor, Clinical Epidemiology Course, University of North Carolina at Chapel Hill. 12 students
- 1991 - 1992 Seminar Leader, Introduction to Medicine Course, University of North Carolina at Chapel Hill. 12 students

Clinical Teaching

- 2001 - 2003 Outpatient Attending for medical students, University of North Carolina at Chapel Hill, 10 hours per year
- 1994 - 2001 Outpatient Attending for Family Medicine Residents, University of Michigan, 100 hours/year
- 1994 - 2001 Outpatient Attending for medical students,, University of Michigan, 250-300 hours/year
- 1989 - 1991 Outpatient Attending for medical students, State University of New York, Health Science Center at Brooklyn, 250-300 hours/year

- 1989 - 1991 Outpatient Attending for residents, State University of New York, Health Science Center at Brooklyn, 250-300 hours/year
- 1987 - 1989 Outpatient Attending for State University of New York, Health Science Center at Brooklyn medical students, Coney Island Community Health Center, 250-300 hours/year
- 1986 - 1989 Outpatient Attending for Coney Island Hospital Residents, Coney Island Community Health Center, 250-300 hours/year

Attending on Clinical Services

- 2001 - 2012 Inpatient Attending, Family Medicine Inpatient Service, University of North Carolina at Chapel Hill, 2 weeks per year
- 1994 - 2001 Inpatient Attending for University of Michigan residents, 6 weeks/year

GRANT SUPPORT

Completed

- 2012 – 2013 Physician decision-making and the quality of health care.
Principal Investigator (% effort not specified)
Odum Institute for Research in Social Science
Total costs \$15,000
The purpose of this project is to determine the effect of implicit racial attitudes of physicians on medical decision-making under conditions of uncertainty.
- 2011 – 2012 Medical and mental health needs of military service members and families receiving care at UNC Hospitals
Co-Investigator (% effort not specified on NCTracs grant)
(Principal Investigator: Eric Elbogen)
NCTracs
Total costs \$50,000
The purpose of this project is to determine whether perceived barriers to health care in non-VA facilities affects treatment utilization in returning US military service members.
- 2008 - 2012 Mental health effects of the Khmer Rouge Trials in Cambodia
Principal Investigator, 25% effort
National Institute of Mental Health
Total costs \$903,127.
The purpose of this three-year project is to determine whether the Khmer Rouge Trials in Cambodia reduce desire for revenge and posttraumatic stress disorder and increase perceived justice and respect for the rule of law.

- 2011 – 2012 Comparative effectiveness review of PTSD treatments in adults.
Co-Investigator, 5% effort
(Principal Investigator: Daniel Jonas)
 Agency for Health Care Research and Quality
 Total costs \$115,741
 The purpose of this project is to compare the effectiveness of treatments for posttraumatic stress disorder in adults.
- 2011 – 2012 Comparative effectiveness review of prevention of posttraumatic stress disorder.
Co-Investigator, 10% effort
(Principal Investigator: Daniel Jonas)
 Agency for Health Care Research and Quality
 Total costs \$114,770
 The purpose of this project is to compare the effectiveness of interventions for prevention of posttraumatic stress disorder among adults exposed to psychological trauma.
- 2011 Citizen Soldier Support Program
Co-Investigator, 10% effort for one year (2011)
 Department of Defense
 Total costs \$5,000,000
 The purpose of this three-year project is to improve combat-related behavioral health care for Reserve and National Guard soldiers. My role is to improve service access in primary care
- 2010 Citizen Soldier Support Program
Co-Investigator, 20% effort for one year (2010)
 Department of Defense
 Total costs \$5,000,000
 The purpose of this three-year project is to improve combat-related behavioral health care for Reserve and National Guard soldiers. My role is to improve service access in primary care.
- 2007- 2008 A follow-up study of the Greensboro Truth and Reconciliation Commission
Principal Investigator, 10% effort
 Andrus Family Fund
 Direct costs: \$85,583
 The purpose of this project is to determine whether attitudes on racial reconciliation and social trust have changed as a result of the Greensboro Truth and Reconciliation Commission. It is the first longitudinal study of any truth commission.
- 2005 - 2008 Conference on Innovations in Psychological Trauma Research (CITRM)
Principal Investigator, 10% effort
 National Institute of Mental Health
 (approximately \$262,431 direct costs)
 Priority score 137; 3rd percentile
 The purpose of this project is to hold an annual conference for five years on research methods in the area of psychological trauma.

- 2003 - 2008 Conference on Innovations in Psychological Trauma Research (CITRM)
Co-Investigator
 Principal Investigator: Lynda King, Ph.D.
 National Institute of Mental Health
 (approximately \$262,431 direct costs)
 Priority score 137; 3rd percentile
- 2007 Conference on Innovations in Psychological Trauma Research (CITRM)
Principal Investigator, 10% effort
 National Institute of Mental Health
 (Supplementary funding: \$30,000 direct costs for final two years of five-year grant.)
 The purpose of this project is to hold an annual conference for five years on research methods in the area of psychological trauma.
- 2006 - 2007 The Khmer Rouge Trials in Cambodia
Principal Investigator, 10% effort
 US Institute of Peace
 Direct costs: \$39,565
 The purpose of this project is to gather baseline data in a national probability sample of 1,000 Cambodians on attitudes towards justice, reconciliation, respect for the rule of law and vengeance, prior to the U.N.-sponsored trials of the former leaders of the Khmer Rouge, perpetrators of one of the worst genocides in the Twentieth Century.
- 2002 - 2007 9/11: Persistent Health Impact on WTC Survivors
Consultant
 Principal Investigator: Carol North, M.D.
 National Institute of Mental Health
 Direct costs: \$2,485,760
 My role as consultant is to: 1) adapt, for the American context, the Justice for Survivors of Trauma (JUST) scale that I and my collaborators developed in our study of survivors of human rights violations in South African; 2) oversee all data collection and analysis related to associations between perceived justice and mental health.
- 2005 Reconciliation in Greensboro, North Carolina, supplemental funding
Principal Investigator, 10% effort
 Andrus Family Fund
 (approximately \$5,000 direct costs)
 The purpose of supplemental funding was to cover additional costs of labor to conduct the telephone survey.
- 2004 - 2005 Reconciliation in Greensboro, North Carolina
Principal Investigator, 10% effort
 Andrus Family Fund
 (approximately \$96,942 direct costs for one-year project)
 The purpose of this project is to perform a baseline assessment of attitudes of residents of Greensboro, North Carolina regarding the Greensboro Truth

and Reconciliation Commission, the first “truth commission” in the United States.

- 1998 - 2002 *Forgiveness and the Truth and Reconciliation Commission in South Africa*
Principal Investigator, 8% effort
 Templeton Foundation
 (approximately \$180,000 direct costs)
 Ranked 6th of 138 proposals reviewed
 The purpose of this project was to determine whether victims of human rights violations in South Africa who submit a statement or testify in a public hearing before the Truth and Reconciliation Commission have better psychological outcomes than victims of human rights violations who did not submit a statement or testify in a public hearing.
- 1999 -2001 *Changes in Outlook Among Vietnam Veterans and Prisoners of War*
Principal Investigator, 20% effort
 Center for Naval Analyses
 (approximately \$172,000 direct costs)
 The purpose of this project is to investigate perceptions of benefit from trauma among Vietnam-era prisoners of war.
- 1999 - 2001 *Bosnian Refugee Survivors of Torture in Primary Care*
Principal Investigator, 20% effort
 National Institute of Mental Health
 (approximately \$100,000 direct costs)
 One of five proposals funded nationally in response to RFA for research on psychological effects of torture; priority score = 153.
 The purpose of this project was to investigate the psychosocial effects of torture and related trauma among Bosnian refugees in greater Detroit who were seen in primary care settings.
- 2000 *Trauma and Reconciliation in Bosnia-Herzegovina, Young Investigator Program*
 National Research Council of the National Academy of Sciences
 \$3,000 direct costs
 I was one of eight junior faculty selected from the United States to travel to Bosnia to evaluate the effects of trauma but I was unable to participate due to family health issues.
- 2000 *Bosnian Refugee Survivors of Torture in Primary Care*
Principal Investigator, 20% effort
 Office of Vice-President for Research, Department of Family Medicine, and Deans Office, School of Medicine, University of Michigan
 (approximately \$32,500 direct costs)
 Funding implemented second site of data collection in St. Louis, MO.
- 1990 - 1993 *School Based Health for Adolescents*
Principal Investigator, 20% effort
 New York City Department of Health
 (approximately \$729,000 direct costs)

The purpose of this project demonstration grant was to develop and implement a school-based health center for adolescents at a Brooklyn High School.
