#### B. Discussion Items (65 minutes)

Topic	Presenter	Time	Follow-up
<a href="#">Referendum</a>	Advocates, Amber	30 min	<ul style="list-style-type: none"> <li>- Student opinions delivered by the Chief Advocates: concern about the requirement of 40% participation in the final vote, concern about the process that requires two steps (petition and proposal) - students might be confused, also concern about the terminology "the potential to hinder functioning" and the potential for abuse by WMS.</li> <li>- Points for WMS Discussion</li> <li>--- When looking back at the data concerning the amount of participation in WMS elections, we have well over 40% of the student body who participates. Therefore, we think that it is a fair requirement.</li> <li>--- For the referendum process, it is not appropriate to lead with a vote. The student body must decide that there is an issue. There is precedent for this in other legislative/ governing organizations.</li> <li>--- We need to define/create a campaigning policy.</li> <li>--- For checks and balances, it is important that WMS create a rule that they too will not create new legislation within 6 weeks of graduation given that students cannot have referendums during that time period.</li> <li>--- We will work to clarify the language "potential to hinder functioning"</li> </ul>
Election of WMS Presidents	Amee	35 min	<ul style="list-style-type: none"> <li>- This was a discussion among WMS members and non-officers. The following were some of the major points made:</li> <li>--- The process should be one that avoids a popularity contest</li> <li>--- Non-officers would also like to see the platforms of candidates and also a statement/ explanation of why a particular candidate was chosen.</li> </ul>

		<p>--- There is a concern that the student body does not know what the roles and responsibilities are of officers and this knowledge gap is important information to guide election decisions. We need readable and complete descriptions that are easily accessible to the student body.</p> <p>--- We are trying to create a new process for WMS presidential elections, some of the options include: collecting petition signatures (concern that this is campaigning), having a Town Council - where candidates present their platforms to the entire student body and they can ask questions and give commentary, and/ or having WMS endorse a particular candidate pair, continuing with the current process internally and having the student body vote on the top 2 pairs</p> <p>--- Changing the name of WMS Co-Presidents to WMS Committee Chair to help bridge the gap in knowledge.</p>
