

4/27/2021 Student Curriculum Meeting Minutes

Transition Back to In Person

- Discussion of student anxieties as we transition back to in-person learning next fall
- Brainstormed ideas to support students
- Reaching out to current MS3s to get feedback on their transition into the hospital post-COVID

Updated Procedures for Student Curriculum & Foundation Phase Meetings

- Student Curriculum Meeting minutes will be posted on the student government website and continue to remain open to student volunteers. Sign ups to attend this meeting are sent in the weekly blast two weeks before.
- Foundation Phase Meetings will now also be open to student volunteers and sign ups to attend these meetings will be sent in weekly blast. Minutes from these meetings will be uploaded onto the student government website.

Communication Across Blocks

- Discussion of recent long zoom days for foundation phase students due to additional lectures for SHS/PCC/etc.
- Foundation Phase course leaders will look into the schedule and attempt to fix this moving forward.

Ultrasound Curriculum Updates

- Clarification that ultrasound is currently not included as a graded component in the curriculum
- Eventually ultrasound will be incorporated into PCC grades, but for now it is supplementary.
- Students are still encouraged to complete EMsono modules and attend POCUS sessions, as this is essential to future application phase knowledge
